MEMORANDUM FOR THE DIRECTOR.

RE: IO AND AO FILES
AT SEAT OF GOVERNMENT

On inquiry Mr. Seyfarth advises me that identification orders are files in a separate file in numerical sequence; that AOs are likewise so filed. When a call is received by the Files Section by name, reference is made to the index cards where the IO number has been entered. The IO is then pulled.

It is not possible for the File Room to advise whether an AO has been issued on this IO without an exhaustive search for the reason that AO numbers are not entered on the index cards and no copy of the AO is stapled to the IO at the time of the issuance of the AO.

It is, therefore, suggested that the same procedure be initiated in the Bureau files as exists in every field office; namely, that upon the issuance of an apprehension order, one copy be stapled to the IO in the numerical IO file. This, of course, is in addition to the regularly maintained numerical AO file.

Respectfully,

D
S. J. Tracy.

MEMORANDUM FOR THE DIRECTOR.

RE: SUGGESTION - DISPOSITIONS.

The present Bureau rule is that dispositions shall be secured in the field following the receipt of a criminal record upon all arrests on the felony charges. This rule is misunderstood in the field and the majority of offices are securing dispositions of all arrests for the completion of the Identification Division files.

In order to clarify the matter of securing dispositions, it is recommended that there be included in the Manual of Rules and Regulations and in the Inspector's Manual the following paragraph:

DISPOSITIONS:

"Upon receipt of a requested criminal record the office making such request shall secure dispositions of all arrests on which the disposition is not entered."

I believe that for uniformity and for the purpose of making the Identification Division files as nearly complete as possible, dispositions should be secured for all arrests in which dispositions have not previously been received. This is a clerical function and can be handled by correspondence in every field office. If approved, the bulletin advising the field should contain a sentence to the effect that dispositions should be secured by correspondence.

Respectfully,

MAR 16 1939

Dear Mr. Tracy:

Reference is made to your memorandum dated May 15, 1939, in which you suggest names to indicate the international character of the FBI National Police Academy Associates.

The Bureau has given consideration to your suggestion and does not believe it is advisable to make such a change at this time due to the small number of graduates from foreign countries and also because it does not appear to be a practice of schools generally to indicate their alumni associations as international alumni associations.

I do desire to express to you my appreciation for your suggestion and for your interest and thoughtfulness in submitting it.

Sincerely yours,

MEMORANDUM FOR THE DIRECTOR

Reference is made to the instructions received from you that certain Special Agents receive promotions effective June 1, 1939, among these being the following Special Agents in Grade CAF 13:

<u>NAME</u>	<u>PRESENT SALARY</u>	<u>RECOMMENDED SALARY</u>
Percy E. Foxworth	\$6200 per annum	\$6400 per annum
W. Richard Glavin	\$6200 per annum	\$6400 per annum
Louis B. Nichols	\$5600 per annum	\$6000 per annum
Stanley J. Tracy //	\$6200 per annum	\$6400 per annum

For your information there is listed below the names of all Special Agents now in Grade CAF 13, together with a notation as to the present salary received:

S. J. Tracy	\$6200 per annum
P. E. Foxworth	\$6200 per annum
L. B. Nichols	\$5600 per annum
R. T. Harbo	\$6000 per annum
W. R. Glavin	\$6200 per annum
G. Tamm	\$5600 per annum
E. P. Coffey	\$6200 per annum

It will be noted from the above that the average salary of the grade, which is \$6000, is now adhered to and that additional increases would cause the average to be exceeded. It therefore appears that no increases can be made in this grade at present.

It has been possible to effect the promotion of Myron Gurnea from \$6000 to \$6200 inasmuch as he is on the field roll.

MEMORANDUM FOR THE DIRECTOR.

RE: SPECIAL AGENTS' FUND FOR DEATH
BY VIOLENCE IN LINE OF DUTY

The Agents' fund to date is \$8,330.97, this representing contributions from agents and former agents and interest on the bank deposits. Thirty new agents are not included. Their contributions will raise the fund to approximately \$8,500 and additional schools already scheduled will raise the fund to in excess of \$9,000.

I have suggested before and wish to renew the suggestion that consideration be given by the Bureau to limiting the payment in the event of death to \$5,000 for the following reasons:

1. Each widow or estate will receive the same amount

2. It would be very unfair should the present fund, for example, reach, say \$15,000, which it may and I am sure we all hope will, to be paid to one widow, whereas if another agent were killed the following week, his widow would receive but approximately \$6,000, and if another agent died immediately following the amount would be correspondingly lower.

3. If this idea were submitted to those in the service who have contributed to the fund, I believe it would receive favorable consideration on the ground that it will insure that each widow will receive a like amount.

In view of the present size of the fund, it is suggested that the agents who have contributed be also asked by circular letter from the Director in the event the foregoing is approved, whether they would desire to include as part of this fund a death benefit of \$500 for death from any cause while still in the service.

In the past five years the only death which I can recall while the individual was still in the service,

Mr. Tolson.....
Mr. Nathan.....
Mr. E. A. Tamm.....
Mr. Clegg.....
Mr. Coffey.....
Mr. Crowl.....

Mr. Foxworth.....
Mr. Glavin.....
Mr. Harbo.....
Mr. Lester.....
Mr. McIntire.....
Mr. Nichols.....
Mr. Quinn Tamm.....
Mr. Tracy.....
Miss Gandy.....

Some real meat in this
H

S. J. Tracy

where the widow would have been entitled to \$500 death benefit, would be that of Edgar Backus, who died following an operation and I am certain that Mrs. Backus could have used \$500 in cash to defray the immediate burial expenses. I doubt that there are many agents whose bank account will total \$500 in cash at any time.

The foregoing, if adopted, would involve very little bookkeeping and very little paper record.

Respectfully,

S. J. Tracy

Rear Admiral Walter S. Anderson
Director, Naval Intelligence
Navy Department
Washington, D. C.

Dear Admiral Anderson:

From time to time during the past several years, I have certified to the Navy Department that the services of various individuals could be spared to the Navy Department in time of war, these certifications being made in connection with applications for commissions in the United States Naval Reserve executed by various employees of the Federal Bureau of Investigation. Because of the increase in the volume of cases being investigated by this Bureau which pertain to the National Defense, I find it necessary at this time to cancel my previous statements indicating that the services of the individuals named hereafter might be spared to the Navy Department in time of war. It is accordingly recommended that the records of the Navy Department be amended to show that the service of the following named Bureau employees cannot be spared to the Navy Department in time of war:

Blackbur, W. G.
Cornelius, A.
Crowl, A. H.
Donagan, T. J.

Dear Stanley:

This is the first opportunity I have had since our hectic week in entertaining the FBI National Police Academy Associates to let you know how deeply I appreciate the interest which you took in the Retraining and Reunion. This is one of the most successful functions I believe the Bureau has ever put on and I feel its success is properly attributable to the plans which were made, and I, of course, know the part that you contributed to making the meeting such a success.

I did want to thank you for your splendid service in connection with your work on the Finance Committee, the Entertainment Committee, and the Press Committee.

With best wishes and kind regards,

Sincerely,

Reference is made to your Personnel Order of December 4, 1939, instructing that certain Agents receive promotions, among them being the promotion of Inspector Louis B. Nichols from \$5800 to \$6000 in Grade CAF 13.

For your information there are listed below the names of all Special Agents at the Seat of Government now in Grade CAF 13, together with a notation as to the present salary received:

Dear Sir:

My attention has been called to the fact that you have not completed the Bureau's accounting course in compliance with my instructions of August 17, 1939.

It is essential that Bureau officials complete this course of study at the earliest possible date, and I will expect lessons to be submitted by you at regular intervals until the course has been completed.

Very truly yours,

John Edgar Hoover

DECLASSIFICATION AUTHORITY DERIVED FROM:
FBI AUTOMATIC DECLASSIFICATION GUIDE
DATE 03-05-2012

Dear Mr. Tracy:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Washington, D. C., on February 27, 1940.

Although no physical defects are noted therein, the Board of Examining Physicians recommends that you be inoculated for typhoid and vaccinated for smallpox. It states that you are capable of performing strenuous physical exertion, and have no defects that would interfere with your participation in raids or other work involving the practical use of firearms.

For your information, it was determined during this examination that your blood is International Type "B".

Sincerely yours,

John Edgar Hoover

MEMORANDUM FOR THE DIRECTOR

Re: Gymnasium

I was absent from the gymnasium on June 3, 1940 due to the pressure of official business. I contemplated making this period up the following Saturday.

However, on the following Saturday the International Association of Chiefs of Police, Board of Officers, had a meeting at the Bureau and I was unable to get to the gymnasium on that date.

Respectfully,

15
S. J. Tracy.

Dear Stanley:

I wanted to advise you that you were given an excellent efficiency rating for the past year.

It was my desire to afford all of those employees securing excellent efficiency ratings a one-step administrative promotion in salary. I regret that this has not been possible in your case, in view of the fact that at the present time the total salaries of the employees in your grade exceed the average salary for the grade. Accordingly, under existing law, it is not possible to afford such administrative promotions to those receiving excellent efficiency ratings in your grade at this time.

I do want you to know, however, that I officially and personally appreciate the manner in which you have performed your duties. I know that you will continue to efficiently carry out your assignment.

With kind personal regards,

Sincerely yours,

J. Edgar Hoover

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to April 15, 1941, and who dies from any cause, while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of five dollars (\$5), made payable to the Chief Clerk of said Bureau, to be included in said fund. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping, and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$5,000.

The following person is hereby designated as my beneficiary:

Name Margaret E. Tracy Address 918 Beverley Dr. Alexandria Va.

MEMORANDUM FOR MR. TOLSON

Will you please effect the following administrative changes immediately:

Assistant Director Fennorth, in charge of National Defense Division, to New York, to be in charge of the entire New York Field Division. Up to the present time, we have maintained three units in New York, each under a Special Agent in Charge - namely, the regular New York Office, under Mr. Sackett; the National Defense Division at New York, under Mr. Donegan; and the SIE, under Mr. Guerin. Mr. Connolly has from time to time been in and out of New York to look after the National Defense Division, but his absence from the city has been so frequent that he has not been able to give the attention to the matter as is desired.

The growth of the work in the New York Division has been such that I believe it is desirable at this time to have an Assistant Director assigned there to be in charge of all of our activities in the metropolitan area, and therefore Mr. Fennorth is to be so designated, with Mr. Sackett, Mr. Donegan, and Mr. Guerin as his assistants.

I desire that Assistant Director Ladd, in charge of the Identification Division, be transferred and designated as Assistant Director in charge of the National Defense Division.

I desire that Inspector ~~Stanley J. Tracy~~ be transferred from the Director's Office to the position of Assistant Director in charge of the Identification Division, with an increase in grade and salary from Caf-13, \$6200 to Caf-14, \$6500.

All of the above are to take effect immediately.

A hundred men may make an encampment, but it takes a woman to make a home.—Chinese proverb.

It Takes a Heap o' Work, Etc.

(With proper apologies, of course.)

A feller name of Eddie Guest once wrote a touchin' pome

About "a heap of livin' in a house to make it home,"

An' I shore do admire him for writin' such a thought,

But bein' a man, there's bound to be some things that he forgot.

He's bein' sentimental — I'm more practical—I know it takes a heap o' workin' in a house to make it go.

I love the smell of fresh-washed paint, an' clean clothes in the sun,

An' shiny windows showin' all the curtains freshly done;

The stove an' things reflected in a floor fresh-scrubbed and waxed,

Not time to just enjoy 'em is what keeps my patience taxed.

A million things inside an' out —there's allus somethin' needin',

bet that feller Eddie Guest ain't never done no weedin'.

Fruit cupboards ain't much good unless they're filled to overflowin'

With jars o' jam an' nearly every temptin' thing that's growin'.

There's summer dyin' on the land, an' tain't no time at all

'Til cannin' season's over an' we're right spang into fall.

It takes a heap o' sticky work an' lots o' your attention—

Just one more thing that feller Eddie Guest forgot to mention.

The pride us wimmen feel for home ain't quite like that of man,

His joy is in possession an' acquirin', if he can,

Such things as he can brag about an' p'rhaps show off a bit;

But it's up to us wimmen folks to keep things lookin' fit

An' every cranny redded up, from cellar up t' dome—

I say it takes a heap o' work t' make a house a home.

—V. K. W., Ogden.

Notes on the Cuff Department

Noticed Cesare Rinetti limping along and looking somewhat banged up, so I asked him how the other fellow looked. Cesare smiled ruefully, and then explained that he'd been in an automobile wreck. While driving a new car back from the factory, Cesare's machine went into a skid and out of control, turning over several times. The car was completely wrecked and Cesare, Mrs. Rinetti and their daughter, Sylvia, were painfully, but, fortunately, not seriously injured.

Just heard that Stanley Tracy of the FBI had been promoted. I think he's been made assistant to J. Edgar Hoover. Stan, you know, is a Utah, and another of our boys who has made good in the big town in a big way. I think I owe him a letter, but I'm a punk correspondent, so I'm sending him my congratulations and best wishes this way.

People who irritate me:

Women who occupy two seats in the bus by sitting on the aisle side and practically defy anyone to disturb them.

People who phone and say, "Betcha can't guess who this is."

People who see that you can't quite place them, and, instead of helping you out, say, rebukingly, "You don't remember me, do you?"

Women who refuse to get into line, but crowd up front ahead of everyone. A man would get his block knocked off if he tried such a stunt.

Men who couldn't track a bull elephant in six feet of snow, but who criticize the police, and the chief particularly, for not solving every mystery and arresting every criminal.

The sanctimonious, holier-than-thou type.

Those who say, "Here's something for your column, but don't quote me," and then tell me a bit of slanderous gossip about some prominent person.

Neurotics who write anonymous letters.

Fifth-Wheelers.

Sophisticates who look down their noses at anyone who displays any human emotion.

Incompetents who think that in order to be successful one has to be a crook.

And others too numerous to mention. I've got a grouch on today.

My dear Mr. Hoover:

It was a real pleasure to read in the
New York Herald Tribune of the new assignments given
to Messrs. Foxworth and Ladd, and of the promotion of
Stanley Tracy.

I am sure that all who have had
the privilege of knowing these gentlemen will find
satisfaction in the recognition which you have be-
stowed upon them. As you are aware, I know them per-
sonally, and such recognition of character and ability
gives one even added confidence in the excellent ad-
ministration of your office.

I hope you will not think I am
presumptuous in writing you as I am, but I could not
resist doing so.

Utahn Becomes Top Aid To Director of G-Men

Special to The Tribune.

WASHINGTON, Nov. 1.—Stanley J. Tracy, former inspector and confidential assistant to Director J. Edgar Hoover of the federal bureau of investigation and native Utahn, recently was named assistant director of the bureau in charge of the identification division and technical laboratories.

Under Mr. Tracy's supervision is the fingerprint classification department and files, which receive an average of 25,000 new fingerprints each day.

Another important section of Mr. Tracy's division is the technical laboratory, where chemists and physicists work on a 24-hour shift analyzing bits of cloth, scraps of boots, nails, hair and all manner of small objects.

Mr. Tracy, a son of Mrs. Scena Larson Tracy of Midvale, was born in Ogden. He attended the Ogden high school and graduated from the George Washington law school. Before joining the staff of the F B I in 1933, Mr. Tracy served as special agent and assistant economist in the labor department and later as an attorney with the veterans administration.

The Tracys, which include Mrs. Tracy, the former Miss Margaret Qualtrough of Salt Lake City, James, Nedra and Robert, live in Alexandria, Va.

Stanley J. Tracy . . . Native Utahn who recently was named assistant director of the federal bureau of investigation.

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

I should like to acknowledge and thank you for the transfer I received to the Chicago Field Division.

This transfer comes as very welcome news because of the fact that I resigned and I had given up hope of ever working in the field. I want you to know that I shall work as hard as I can in order to impress Mr. Johnson and make him feel that I deserved the opportunity I have now received.

Although I am yet young, I have worked for many companies but until now, I have failed to see the kind of treatment that I deem fair. I have been treated better by the supervisors in the Federal Bureau of Investigation than by any others. I would like to comment particularly on Mr. D. M. Ladd, Mr. S. J. Tracy, and Mr. Quinn Tamm. The interviews I have had with these gentlemen have been most enlightening and the courtesies with which I was treated will always be to me a method for judging similar men in similar capacities.

I would like the pleasure of thanking you personally for this favor but I am afraid that your limited time prohibits this. However, as long as this is impossible, I wish that you would favor me with one of your autographed photographs. I should like to take one of these home with me.

My service at the seat of government will ~~end~~ at the close of business on March 5, 1942. I will report Mr. Johnson at Chicago, on March 9, 1942. This is in accordance with the notice I gave Mr. Bowles.

Again thanking you for this fine gesture on your part and with expressions of my esteem, I am

Respectfully yours,

Gentlemen:

I have just been advised that Mr. Stanley J. Tracy, who is registered at your Board as Order Number 12,774, and who is employed in this Bureau, has recently received his Selective Service questionnaire.

Mr. Tracy has been employed in this Bureau since October 16, 1933, and is a trained Special Agent. He is now performing duties as the Assistant Director of the Identification Division of this Bureau, and accordingly, I desire to request that appropriate deferment be granted to him. In connection with this matter, I am transmitting herewith D.S.S. Form 42-A which has been executed by me under date of April 23, 1942.

I want you to know that it is my desire to cooperate with your Board to the fullest extent, and if there is any additional information you may desire with regard to this case, please do not hesitate to call upon me. Of course, I shall keep you promptly advised as to any change whatsoever in his occupational status with this Bureau.

EXCERPTS FROM SELECTIVE SERVICE REGULATIONS

351. "Necessary man" defined.—A registrant shall be considered a "necessary man" in industry, business, employment, agricultural pursuit, governmental service, or in any other service or endeavor, including training or preparation therefor, only when all of these conditions exist:

- (a) He is, or but for a seasonal or temporary interruption would be, engaged in such activity.
- (b) He cannot be replaced satisfactorily because of a shortage of persons with his qualifications or skill in such activity.
- (c) His removal would cause a material loss of effectiveness in such activity.

352. Composition of Class II.—(a) In Class II-A shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or any other service or endeavor, or in training or preparation therefor, the maintenance of which is necessary to the national health, safety, or interest in the sense that it is useful or productive and contributes to the employment or well-being of the community or the Nation.

(b) In Class II-B shall be placed any registrant found to be a "necessary man" in any industry, business, employment, agricultural pursuit, governmental service, or any other service or endeavor, or in training or preparation therefor, the maintenance of which is essential to the national health, safety, or interest in the sense that a serious interruption or delay in such activity is likely to impede the National Defense program.

353. Length of deferments for Class II-A.—(a) Class II-A deferments shall be for a period not longer than 6 months, at the expiration of which time the deferment shall cease. Upon the expiration of any such period, the case of the registrant shall be reopened and his classification considered anew in the manner provided in Section XXX, and, if the facts warrant, the registrant may again be classified in Class II-A for a further period not to exceed 6 months.

(b) Class II-B deferments shall not be limited as to the period during which they shall be effective. The case of a registrant classified in Class II-B may be reopened and his classification considered anew in the same manner and for the same reasons as any other classification. (See Section XXX.)

B. 2.

The Federal Bureau of Investigation has been designated as the sole civilian Government investigative agency, having jurisdiction over the investigation of matters pertaining to the national defense, that is, espionage, sabotage, registration of agents of foreign principals and the like. Further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, the National Motor Vehicle Theft Act, and numerous others. The Federal Bureau of Investigation has also been designated by Congress as the agency officially responsible for the tabulation and dissemination of police statistics for the entire country. Under an Act of Congress these statistics are gathered and are distributed to thousands of interested police and affiliated agencies each quarter so that trends of crime, crime records, and crime control can be known to those to whom it is of most interest. Further than this, the Federal Bureau of Investigation has been designated as the agency having jurisdiction over the classification and maintenance of fingerprint records, not only on a national basis, but on an international basis. We have some thirty-one million sets of fingerprints on hand today. We are receiving the fingerprint records of all persons enlisted or being inducted into the Army and enlisted in other military services. Thousands of persons in public utility positions are fingerprinted and the prints are retained in our files. Those working in national defense industries on many occasions are fingerprinted, their prints being included in our files. Our Government employees' prints are included. We are receiving thousands of criminal fingerprints from all police agencies in the country daily and it is essential that we immediately be able to notify the arresting agency of the criminal record of the individual because he may be wanted for more serious crimes in other sections of the country and if he is to be released on a mere vagrancy or other charge, he may be set free to continue his depredations on society. This Bureau, together with many other foreign countries, participates in the international exchange of fingerprints. Hundreds of international crooks are brought to task yearly through the media of this service we have rendered.

Our Criminology Laboratory handles the scientific examination of evidence in cases investigated by the Federal and local law enforcement agencies. A great deal of their work is done in the examination of suspected sabotage cases at the present time. The scientists in that Laboratory have lectured throughout the country on bombs and explosives so that local police agencies may be adequately prepared to handle any such matters which might arise under their jurisdiction.

There are contained in our Files Section the files of hundreds of thousands of individuals whose activities are of the greatest importance to the country today. The work of the Files Section and the records of that section which have to do not only with the investigation of kidnaping, extortion, bank robbery, and like cases but also the investigation of our espionage, sabotage, foreign agent cases, and others, are of course accessible to employees working in that unit. It is most essential that only the most trusted employees be so assigned.

B. 5.

The work of the Federal Bureau of Investigation is of the utmost importance in the national defense. It is essential that thoroughly qualified personnel of the highest integrity and background be secured for every position in the Bureau. Our work is the guarding of the internal security of the country, not only in national defense matters, but in the control of those criminals who previously had terrorized the country in waves of bank robbery, kidnaping, extortion, white slavery, automobile theft, and numerous other crimes. There is no doubt whatsoever in the minds of law enforcement officials that should any group be permitted to have the assurance that their activities were being minimized during the present national emergency, we would have a tremendous country-wide wave of crime in that particular category in a very short period of time. It is, therefore, essential that from a national defense standpoint and from a public security standpoint the Bureau maintain its qualified staff at an absolute maximum in order to continue to have control of the criminal element under its jurisdiction.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 23rd day of April, 1942

B. 7. a. b. c.

The Federal Bureau of Investigation is primarily a service agency. We serve our Government and the public. We cannot determine the amount of work which is going to be referred to us. If there is a crime wave of local or national significance at any time the work of the Bureau is increased in comparison. Our identification, laboratory, and crime statistics facilities reflect very definitely the trends in the country. We must have available personnel to properly handle the thousands of fingerprint records being received by us daily. We are at the present time receiving approximately thirty-four thousand sets of prints daily. We must have a scientific staff in the laboratory to examine scientific evidence. We must have an investigative force of sufficient size to handle the work being referred to us. We must have a technical and supervisory staff of sufficient size to render the service to our investigative, identification, laboratory, and statistical staffs so that we may have the benefit of the wealth of information in our various files. The work of the Federal Bureau of Investigation has increased so tremendously that every employee in the Bureau, regardless of his position, is performing a tremendous amount of overtime service. Our Special Agent investigators are performing no less than four hours a day overtime service. In the present emergency we have found it necessary to curtail leave because of inadequate personnel and many of our men have worked over long periods of time without having any time off for vacation.

D. 1.

The additional duties imposed upon the Bureau since the declaration of the national emergency have made it necessary that our staff be more than doubled. From the information furnished under sub-heading B, it will be seen that it is essential to carefully investigate every employee in the Bureau. All of our employees in the performance of their work at one time or the other has opportunity to observe and note the content of confidential investigative reports, the publication of which would be most detrimental to the national safety. We have had considerable difficulty in securing sufficient employees. We find that out of applicants who file application, we are successful in appointing about one out of every one hundred. It, therefore, means that if we lose an employee after he is fully investigated and is being given training or has been experienced, we must again consider on an average, one hundred persons before he can be replaced. In the accelerated program of the Government it is essential that the Federal Bureau of Investigation work at top speed to keep abreast of its duties and investigation of matters pertaining to national defense, its regular activities, and its most important and essential identification activities at this time.

D. 5.

At the present time the Federal Bureau of Investigation is employing additional qualified persons as rapidly as they can be found. The assembled Congress has in the past several months passed several bills which will increase even to a greater extent our present volume of work. The needs of the service as to employees fluctuate with the periods of stress in the country.

D. 6. a.

Special Agents of the Federal Bureau of Investigation are given twelve weeks of training which embraces five hundred and thirty-five hours of study. During that period of time they are trained not only in investigative techniques and procedures but are qualified in the handling of firearms, mechanical devices, and technical devices in use by the Bureau. After entering the field service after training, their skill, of course, increases with their length of service in the field.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 23rd day of April, 1942

Dear Stanley:

I thought you might like to have the enclosed, enlarged copy of the photograph taken in my office September 26, 1942, showing the Girls' Championship Award being given the "Depey-Bups," a team from the Identification Division.

I was greatly encouraged by the display of enthusiasm among our personnel toward the softball activities during the season just past. There is no doubt that each one of our employees who participated in the Tournament derived a great deal of personal good from it. As always, the Identification Division made a fine showing in the Intra-Bureau Tournament, and I am very much pleased with the project as it was handled this past summer.

FBI Agents Now Number 5000, Says Visiting Aid

The personnel of the federal bureau of investigation has increased more than five times in recent years to cope with wartime problems, according to Stanley J. Tracy, assistant director of the FBI in Washington, D. C. He has been a member of this organization since 1933.

A former Ogden man, Mr. Tracy was a special agent in the Salt Lake district in 1933. The following year he was transferred to the San Francisco bureau, where he served as a special agent. A short time later he went to Washington, D. C., to become a member of the staff there.

"On September 6, 1939," Mr.

Tracy said, "President Roosevelt placed the internal security of the country with the FBI and authorized the addition of 150 agents, bringing the total at that time to 900. Since then, the organization has been expanded until now there are approximately 5000 agents, most of whom are engaged in national defense investigations."

Before 1939, Mr. Tracy explained, approximately 4000 fingerprints were taken daily by the FBI, whereas now, about 100,000 are being recorded each day.

Mr. Tracy left Salt Lake City Thursday evening for Denver, where he will address the annual meeting of the Peace Officers' Association.

During the day here he conferred with Jay C. Newman, special agent in charge of the FBI office in Salt Lake City, on business matters.

Mrs. Tracy, the former Miss Margaret Qualtrough, is a former Salt Lake City resident, graduating from the University of Utah in 1929. She did not accompany Mr. Tracy to Salt Lake City.

UTAHN EXPLAINS FBI GROWTH

The federal bureau of investigation has been expanded to a total of 5000 agents to cope with problems created by wartime. Stanley J. Tracy, former Utahn now assistant director of the F B I in Washington, D. C., had reported in Salt Lake City Friday.

The organization had approximately 900 agents in 1939. Mr. Tracy pointed out. Before 1939 approximately 4000 fingerprints were taken daily by the F B I and now 100,000 are recorded each day throughout the nation.

Formerly of Ogden, Mr. Tracy was a special agent in the Salt Lake district in 1933. He left Salt Lake City for Denver, where he will address the annual meeting of the peace officers' association. He conferred with Jay C. Newman, special agent in charge of the F B I office in Salt Lake City.

Mr. Stanley J. Tracy
Federal Bureau of Investigation
Washington, D. C.

Dear Stanley:

It is a real pleasure to extend to you my sincere and hearty congratulations on your Tenth Anniversary in the Federal Bureau of Investigation.

I have, of course, had an opportunity to know you very intimately and to closely observe the great contribution you have made toward the work of the Bureau during these ten years. By your unswerving loyalty and devotion to the Bureau, you have indicated your true allegiance. You took over the Identification Division when it was burdened with many difficulties, and although it has been a struggle, I am pleased to be able to tell you that I think you have done an excellent job. I know that I can depend upon you to continue to give your every effort to make the Identification Division an efficient and smooth-running part of the Bureau.

In addition to words, which cannot begin to express the gratitude and appreciation I have in my heart for you, I have the pleasure of presenting to you the enclosed Ten Year Service Award Key. I do hope to be associated with you in the Federal Bureau of Investigation for many years to come.

Sincerely,

Dear Mr. Tracy:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on August 10, 1943.

This report reflects the following physical defects:

None.

The Board of Examining Physicians makes the following recommendations:

Vaccination for smallpox.
Inoculation for typhoid.
Inoculation for tetanus.

It reports that you are capable of performing strenuous physical exertion, and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

Mr. S. J. Tracy
Federal Bureau of Investigation

Dear Sir:

The circumstances surrounding the failure of the Identification Division to identify the fingerprints of the victim in a recent murder case have been very carefully reviewed. You realize, of course, that this was a most unfortunate occurrence inasmuch as the Bureau had an opportunity to solve a murder case by fingerprint identification.

The facts do not present an acceptable explanation for the failure of the Technical Section in this instance. As you are aware, such sloppy work and slipshod handling subject the Bureau to the possibility of extreme embarrassment. It is felt that when searches of unusual importance are made, wherein the Bureau has been advised of the special nature of the case, as in the present instance, only the most experienced and accomplished technicians should make these searches.

It is desired that you make a careful examination of the procedure followed in the receipt of such prints and make whatever changes are necessary to prevent a recurrence of a similar incident.

RE: STANLEY J. TRACY
Order Number 12774

Gentlemen:

The Review Committee of the War Manpower Commission, established under the provisions of Executive Order 9309, has determined the position of Assistant Director held by Mr. Tracy to be a key position within the meaning of said Executive Order.

The Agency Committee of this Bureau, which has been established in accordance with the provisions of Executive Order 9309, recommends that the attached Forms 42 and 42 S be forwarded to you requesting occupational deferment on behalf of Mr. Tracy.

I would appreciate having these affidavits made a part of the file of the above-named registrant, and request your consideration of the same when you determine his classification. The principal place of employment of this registrant is Headquarters, Washington, D. C.

Should you want any additional information, do not hesitate to call upon me. I shall keep you promptly advised of any change in the occupational status of this registrant.

Mr. Tracy is an Assistant Director and as such holds a key position as designated by the Review Committee of the War Manpower Commission within the meaning of Executive Order 9309. The performance of his duties is essential and critical to the execution of the work assigned by law and Executive Directive to the Federal Bureau of Investigation.

To the Federal Bureau of Investigation is assigned the responsibility of investigating all acts of espionage, sabotage and all actions tending to undermine the internal security of the nation. We must also investigate and enforce all those federal statutes assigned to the investigative jurisdiction of this Bureau such as: bank robbery, kidnaping, interference with the interstate transportation of goods, National Stolen Property Act, White Slave Traffic Act, etc., the enforcement of which is necessary to the preservation of the national health, safety and interest.

SPECIAL AGENTS

This position has been designated as a key position by the Review Committee of the War Manpower Commission.

The Federal Bureau of Investigation has been designated as the sole civilian government investigative agency having jurisdiction over the investigation of matters pertaining to national defense such as espionage, sabotage, registration of agents of foreign principals, sedition, treason, and the like, and further, the Federal Bureau of Investigation has sole investigative jurisdiction in a great number of other Federal statutes which embrace bank robbery, kidnaping, extortion, white slave traffic, National Motor Vehicle Theft Act, and numerous others. The investigative work in connection with the above violations is performed by the Special Agent personnel of this Bureau, who are recruited from applicants between the ages of twenty-three and forty. They must be graduates of a law school or an accounting school with the necessary accounting experience, or graduates of a university with extensive investigative experience, or with linguistic qualifications, or have basic educational training and possess satisfactory prior law enforcement experience which will enable them to satisfactorily perform the duties imposed upon them. For certain of the scientific investigative work, Special Agents are secured who primarily are qualified in the sciences, such as ballistics, chemical analysis, spectography, cryptography, mineralogy, metallography, toxicology, and other like sciences. Applicants for appointment to the position of Special Agent must meet the physical standards and requirements for this position, which are exceedingly high. They must have vision of no less than 20/40 in one eye, 20/50 uncorrected, both eyes to be corrected to 20/20. They must have no color deficiency whatever.

Special Agents of the Federal Bureau of Investigation undergo a rigorous training program. All newly appointed Special Agents in the Federal Bureau of Investigation attend training classes for a period of sixteen weeks; the hours of training are from 9:00 a.m. to 9:00 p.m. daily, which course of study is equivalent to two full years of college study. During this period of training, they are thoroughly instructed in the basic rules and regulations and jurisdictions of the Federal Bureau of Investigation. They must satisfactorily pass numerous written examinations during their period of training. If a trainee fails to pass any of these examinations, he is dropped from the school.

The duties of a Special Agent of the Federal Bureau of Investigation are most arduous. They must be available at a moment's notice to go to any part of the United States or to any assignment outside the United States. The hours of duty for these employees are such that they must be in excellent physical health. The average work week for a Special Agent of the Federal Bureau of Investigation is no less than seventy hours. The work of a Special Agent, regardless of his particular qualification, is such that he cannot lead a sedentary or well regulated life. Due to the small number of Special Agents of the Federal Bureau of Investigation presently handling the work under the jurisdiction of the Federal Bureau of Investigation within and without the continental United States, it is necessary that the entire staff be highly mobile.

Special Agents are required to be able to conduct investigations in more than 100 types of cases, including espionage, sabotage, subversive activities, frauds against the government, kidnaping, extortion, bank robbery, White Slave

Traffic Act, etc. They are trained in and required to maintain constant skill in the use of highly technical equipment, technical processes, such as those necessary for the development of latent fingerprints, concealed or obliterated numbers upon firearms, to understand the use of code messages, to conduct physical surveillances of subjects of espionage and similar cases, sometimes for periods of many months, and when necessary, to assume a necessary character to enable them to fit in an undercover capacity into the activities and operations of groups such as foreign agents, who are engaged in thwarting the war effort.

The arduousness and importance of the work of Special Agents of the Federal Bureau of Investigation was readily recognized by the military and naval leaders. The Chief of the Bureau of Navigation, for the Secretary of the Navy, requested Special Agent employees of the Federal Bureau of Investigation to submit their resignations from reserve commissions held by them in the naval services because it had been determined that those Special Agents could better serve their country in their present assignments than if they were to be called into active naval service. The Secretary of War, in 1942, addressed personal communications to 168 Special Agents of the Federal Bureau of Investigation who at that time held reserve commissions in the Army. The Secretary of War at that time advised the Special Agents that their employment in the FBI is of such vital importance to the national defense as to necessitate their remaining at their posts of duty despite the fact that they held reserve commissions in the United States Army, and the request was made that these Agents, through the proper channels, submit their resignations from their commissions.

General Lewis B. Hershey of the Selective Service System pointed out in his Directive to all Local Boards of December 29, 1941, that Special Agent positions of the FBI were most important and essential to the national health, safety, and interests, and that the national defense functions of the FBI should not be impaired by the removal of trained personnel from critical positions in the Bureau.

The position of Special Agent has always been considered the most critical of all positions in the FBI, since, with the tremendous bulk of work placed upon us due to the war emergency, it is essential that a trained qualified staff be available for the handling of this work. If the Federal Bureau of Investigation cannot continue to retain its personnel in this critical position, aid and comfort would most certainly be given to the enemy and others whose interests are inimical to the best interests of the country today. Up to the present time the full complement of Special Agent personnel has not been secured and every effort is being made to secure the necessary additional Special Agent personnel.

I, J. Edgar Hoover, do solemnly swear (or affirm) that I am the Director of the Federal Bureau of Investigation and that the foregoing statements are true to the best of my knowledge and belief.

Subscribed and sworn to before me this 29th day of December 19 43

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who has contributed to this fund subsequent to December 18, 1943, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary:

SAC Hostetter mentioned to me while in Wash-
ington the recent inspection of the Indianapolis Office
by Mr. Tracy assisted by Special Agent Jerry Buckley.
Mr. Hostetter stated that during his several years of
service with the Bureau he had gone through several in-
spections and that he wanted to particularly comment upon
the fine manner in which this inspection was handled.

Mr. Hostetter pointed out that there had been several
recent inspections and inquiries at Indianapolis due to bad
personnel situations which had made the employees somewhat
jittery in so far as Bureau inspectors were concerned. He
stated that Mr. Tracy had changed all of this due to his very
pleasant and helpful attitude. He stated that the inspection
proceeded without disrupting the necessary everyday work of
the Indianapolis Office and that everyone felt that these men
were there to assist them and to assist the office.

It will be recalled that when Mr. Tracy inspected my
office when I was SAC at St. Paul in 1939, I had exactly this
same feeling toward his work.

Respectfully,

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund subsequent to April 15, 1944, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary:

Dear Stanley:

I have your note and am very sorry to learn that your powers of navigation are somewhat impaired. By all means I must insist that you not try to come back to the office, even for short periods of time, not only until you are fully able to walk, but in addition, until you have thoroughly recovered your strength. It is so much better to take a little longer time than to tax yourself when you do return.

Don't worry about the office, and try to get a real rest and effect a complete recovery.

Sincerely,

Dear Stanley:

It is needless for me to say that I was terribly distressed Saturday night when Dick Glavin called me and told of the accident which had happened to you and other members of the family. I was somewhat relieved, though, Sunday when Dick gave me more encouraging reports; and today it is gratifying to know that everything is coming along satisfactorily.

I do want you to realize, however, that what you have been through is not a few minor scratches, and that you must take the time not only to allow the wounds to heal properly, but more importantly, to regain your full strength before you attempt to come back to duty. It is reasonable that you will be somewhat weakened from this experience and it will be so much better for you to take it slowly and completely get over all of the effects of it before trying to take up the regular routine of your work.

If you get at all restless maybe we can have Coffey send you some literature on the component parts of certain chemicals and their natural reactions which might be helpful to you in your future experiments.

Seriously, if there is anything I can do at all for you, please do not hesitate to let me know.

MEMORANDUM FOR MR. TOLSON

S. J. Tracy

Reference is made to Bulletin No. 192, Series 1944 dated August 3, 1944 referring to the EPP Program.

This bulletin, in my opinion, will result in an almost complete cessation of effort in the Field to secure new clerical personnel. Paragraph 3 of the Bulletin will particularly slow up recruitment for the applicant replacement work. One of the greatest criticisms from the Field the past several years has been the delay in handling applicant cases. Many agents from the Field have pointed out that when an applicant is recommended favorably it takes entirely too long before the applicant is notified of the appointment with the result the more desirable applicants secure jobs elsewhere and only those that lack initiative, ambition and aggressiveness to get out and get a job remain for the Bureau.

I recommend that the Field be instructed to institute immediate investigations on all applicants on whom they recommend favorably. This will save from a week to two weeks' time in the handling of the particular applicant case. The fact that applicants are to be fully investigated prior to an offer of appointment being made makes it essential, in my opinion, that all possible time be saved in the other steps of the applicant program.

The Identification Division and the Records Division will need a rather steady supply of replacements in order to maintain the personnel at its present level. It has been our experience throughout the entire EPP Program that a fairly high proportion hired under the program are not suitable for permanent retention in the Bureau's services. So many of them had from only fair to poor backgrounds. We have had quite a number whose resignations had to be taken as soon as the investigation was complete or partially complete, this being in addition to those who were unable to qualify after being trained.

Respectfully,

S. J. Tracy.

MEMORANDUM FOR THE DIRECTOR

Administrative

Reference is made to your memorandum of September 13, 1944, requesting an explanation concerning the delay in forwarding the resignation of Mr. John P. Knowles to the main building. As set forth in my memorandum of September 8, I talked with this employee on September 1, this being the same day his resignation came through dated August 31. Inasmuch as he was emotionally upset to the extent he was making obviously untrue statements, I told him I would like to talk with him again, together with Mr. Quinn Tamm, who directly supervises the Single Fingerprint Section, upon Mr. Tamm's return to the city from South Dakota on September 7.

The morning of September 7, Mr. Knowles became so upset that he left the building so we could not talk with him; however, the next morning I promptly called him in, and together with Mr. Quinn Tamm, discussed his personal reasons for submitting his resignation. I advised the Chief Clerk's Office orally.

As pointed out in my memorandum, Mr. Knowles desired to recall his letter of resignation; however, in view of my conversation with him and in view of information received indicating his landlady had followed him to the West Coast when he was working on the MATNAP case, I instructed Mr. Tamm to check further into this situation, as well as inquire as to whether or not she had made any further trips with him.

On the following day, Saturday, September 9, I was injured in an accident, from which I returned this morning. On Tuesday, September 12, Mr. Quinn Tamm submitted the full memorandum and correspondence.

I felt at the time that the situation such as arose in this case would be best handled in the Identification Division as it required investigation; however, in the future such matters will be sent directly and immediately to the Chief Clerk's Office.

Respectfully,

S. J. Tracy

This must be followed otherwise the Bureau will never know what is actually transpiring.

The attached list of members of the Twenty-sixth and Twenty-seventh Sessions of the FBI National Academy who attended special evening sessions on the subject of "Office Management" given by Mr. Tracy is something which I think should be brought to your personal attention.

During each session of the Academy Mr. Tracy, in discussing the subject of "Office Management" ascertains whether there are men in the class who would be interested in going into the subject in considerable detail and he always receives an enthusiastic response.

It will be noted that this time nearly half of each class attended these evening sessions, which started about 6:30 p.m. and lasted until nearly 10 p.m. Those in the class who are Chiefs of Police or who have aspirations of becoming Chiefs or Executives in their department are especially interested in receiving this training, and in talking informally with them I am convinced that they benefitted considerably from Mr. Tracy's instruction.

It is believed that Mr. Tracy should be commended for the splendid interest which he takes in his appearances before the Academy and the extra time which he devotes to the training of these officers.

Dear Mr. Hoover:

I wish to express to you the appreciation
of the Pediatric Section of the District of Columbia
Medical Society for the opportunity of hearing your
Mr. Stanley J. Tracy on "Footprinting of Infants"
at the Library of the District Medical Building on
Thursday, January 25th.

His evaluation of footprinting of the
new born was of particular value to those of us
responsible for Obstetric Nurseries, and his instructive
criticism of our technic, I am sure, reacted to the
benefit of all concerned.

Thanks to yourself for permission, and
to Mr. Tracy for a masterful presentation, the Society
had an exceptionally interesting meeting.

Sincerely,

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 10, 1945, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Margaret Tracy Address 918 Overley Dr. Alexandria Va.

Please submit an explanation as to the reason for the delay in handling the letter from Agent in Charge Bobbitt at Grand Rapids, dated December 27, 1944, enclosing a suggestion prepared by Special Agent P. A. Munley that the Bureau prepare *modus operandi* files on specialized training received by members of the armed forces.

Saturday I note this suggestion was received by you on January 6, 1945. The conference memorandum was not submitted until January 24, 1945. Further, the conference memorandum, as prepared by you, does not indicate the date of consideration by the Executives Conference. The date of consideration of a particular matter is supposed to be set out in the memorandum prepared concerning the matter under discussion.

ADDENDUM: 1/29/45 (mlm)

With reference to the letter from Agent in Charge Bobbitt, this is to advise that I took the matter up at the Executive Conference *just before or just after* my return from Cincinnati, Ohio, on January 13th. I was advised by several members of the Conference that this suggestion of Special Agent Munley had been presented to the Conference previously in quite some detail and several members were familiar with the details of the agent's suggestion. I was advised by the Conference to search the Bureau files. I made an exhaustive check of the files and of the various divisions at the Seat of Government. Finally after being unable to locate any record of the suggestion having been handled in any other division, I re-submitted it to the Executive Conference in order that it might be a matter of record and a letter of thanks sent to the agent.

I feel that the delay under the circumstances was justified. 3/222-236

Dear Sir:

The Bureau desires that you be prepared for a possible assignment involving foreign travel. Although there is no definite assignment in mind for you at present, it is desired that the preliminary steps necessary for foreign travel be taken now so that, if your services are necessary on such an assignment in the future, the time required for you to obtain a passport and depart on assignment can be held to a minimum. It is, therefore, desired that you obtain the following material and forward it immediately to the Bureau, marked for the attention of Mr. C. H. Carson, where it will be held until needed:

Birth certificate, certified copy of birth certificate, baptismal record, or other proof of United States citizenship. This is unnecessary in the event you previously have had a passport; however, the Bureau should be so advised.

Passport photographs. Secure 12 front-view and 6 profile photographs of passport size (2½" x 2½"). These photographs are necessary even though you have previously had a passport.

Inoculations. Inoculations should be secured against (1) smallpox (2) typhoid and paratyphoid fever (3) typhus (4) tetanus and (5) yellow fever. These inoculations should be secured from the United States Public Health Service if possible, but in any event, documentary proof that they have been received should be obtained and forwarded to the Bureau. These inoculations should be kept up to date in the future by necessary booster inoculations, which should likewise be supported by appropriate documentation.

The following material will also be necessary for foreign travel but need not be secured at the present time:

Health certificate. As health certificates are only good for thirty days, such a certificate need not be obtained until you are advised of a specific assignment. They may be obtained from the United States Public Health Service or from a private physician.

He is not suffering from any communicable diseases including Trachoma and is physically fit for assignment to a Theater of Operations."

Permit from Local Selective Service Board to depart from the United States. This document, commonly referred to as "draft release," will be secured by the Bureau and requires no action on your part.

FEDERAL BUREAU OF INVESTIGATION
UNITED STATES DEPARTMENT OF JUSTICE
WASHINGTON, D. C.

November 6, 1944

MEMORANDUM FOR THE DIRECTOR

S. J. Tracy

For a number of years I have felt that the Bureau should make a complete time study of the entire organization both at the Seat of Government and in the field.

I believe it is safe to say that all modern, up-to-date business concerns not only make detailed time studies of the cost of every operation in the organization, but do so rather frequently. It is, of course, absolutely essential for a company engaged in contractual obligations to know its unit costs. Industry has found it necessary in order that its executives will know whether a particular unit, section or department is operating efficiently.

I recommend the Bureau institute a time study, beginning at the Seat of Government. If it costs twice as much to type an index card in New York as in Chicago, this would be important to know in order that an inspection could be made as to the reasons for the higher cost per unit in New York. If it costs more to handle a specific type of work at the Seat of Government or in the Field that the value of that work after the cost is considered, this would be important to know. Such a time study could be made once each five years, and such studies, after the initial study is made, would be relatively inexpensive.

The advantages of a time study are too numerous to mention. Such a study would be of invaluable assistance to the Training and Inspection Division. I believe the Bureau is in a better position at the present time to conduct a time study than it ever has been. We not only have a sufficient number of accountants, who incidentally would receive invaluable training and experience, but we can spare them. Accordingly, I recommend that such a project be started and that Inspector J. S. Egan be placed in charge of this time study to be conducted by the Chief Clerk's Office. We have many accountants in the Field who are not on accounting work and they would be given splendid training if they are not now getting in the Field.

3 MAY 4 1945

52

MEMORANDUM FOR THE DIRECTOR

November 6, 1944

In the event the time studies at the Seat of Government prove of sufficient value, the study could be extended to the Field. I believe the time study could be organized that it could be completed finished prior to June 30, 1945.

Respectfully,

S. J. Tracy

Re: QUARTERLY CLERICAL CONFERENCE
SAN FRANCISCO FIELD DIVISION

Dear Sir:

I thought you would be interested to know what a fine talk Assistant Director STANLEY TRACY made at our last quarterly clerical conference while he was out here on the UNCIO special.

He showed our clerical employees, a majority of whom have never been to Washington, D. C., the colored slides of the Identification Division, and explained the work and function of each unit in that section of the Bureau. He also discussed the Bureau's operations generally and its progress under your direction. He took the opportunity to thank the clerical employees for you for the extra efforts they put forth in connection with the UNCIO special.

His talk was really inspiring and was very well received. I felt that perhaps you would desire to send a note of appreciation to Mr. TRACY for securing and displaying the slides at this conference, for his excellent talk, and for the most capable manner in which he represented you.

Dear Stanley:

I have been advised of the very fine talk you gave to the Quarterly Clerical Conference in the San Francisco Field Division.

The excellent manner in which you explained the work of the Identification Division and the Bureau generally was apparently quite inspiring and very well received by the employees of the San Francisco Office. I thought you might like to learn of the splendid impression you made and I wanted you to know of my appreciation.

Sincerely,

Dear Mr. Tracy:

The Bureau is in receipt of the report of the physical examination afforded you at the United States Naval Hospital, Bethesda, Maryland, on October 15, 1945.

This report reflects that you have dental caries.

The Board of Examining Physicians of the United States Naval Hospital recommends that you secure dental treatment for your caries.

It reports that you are capable of performing strenuous physical exertion and have no physical defects that would interfere with your participation in raids or other work involving the practical use of firearms.

OFFICE MEMORANDUM ----- UNITED STATES GOVERNMENT

TO : THE DIRECTOR
FROM : THE EXECUTIVE CONFERENCE
SUBJECT:

DATE: 8-6-46

The Executive Conference of 7/31/46, consisting of Messrs. E. A. Tamm, Hendon, Ladd, Long, McCabe, Nichols, Hince, Tracy and Glavin considered a suggestion submitted by Mr. Tracy concerning the assigning of typist personnel of the Identification Division to a 6-day work week, 8-hour day.

Mr. Tracy pointed out that by the assigning of present eligible typists to a 48-hour week for a period of from 60 to 90 days, he feels that a great part of the typing delinquency in the Identification Division will be eliminated.

Mr. Tracy pointed out to the Conference that they are beginning to train typists who will be available within the 6- or 90 day period. At the end of that time all typists could return to the 40-hour week.

For the Director's information, it would be only necessary to secure approval of the Attorney General for a 48-hour work week.

The Conference, with the exception of Mr. Tracy, is opposed to the suggestion. First, because of the precedent it would set which would eliminate entirely what voluntary over-time we are securing from clerical employees at the Seat of Government at this time. Second, that funds are not available for the payment of such over-time and third, Mr. Glavin states that at the end of 60 or 90 days the present typist staff will probably be reduced somewhat and even though new typists will be trained, it may be felt necessary to continue the program beyond the original period and if it were continued for the entire year, it would cost approximately \$200,000.

The Conference, with the exception of Mr. Tracy, recommends that we hold in abeyance the assigning of any people to the 48-hour week at the present time, until new typists have been trained and then ascertain whether additional typist personnel will be needed on a 48-hour basis.

Respectfully submitted,

Mr. Tracy asked that you be advised that the Supervisors in the Identification Division suggest that the Chief Clerk's Office employ typists to work in the Identification Division on a six day week, with time and a half for Saturday. He said that all that is necessary is to get the approval of the Attorney General for the overtime. He said this would take care of their pending delinquency and would keep from taking typists from the files sections and other sections of the Bureau.

TO : MR. TOLSON
FROM : S. J. TRACY
SUBJECT: LAW ENFORCEMENT BULLETIN

Date: 6/24/46

I understand a suggestion was recently submitted and approved to publish the Law Enforcement Bulletin every other month.

Considering the limitations in the Mechanical Section and the necessity for reducing the volume of work, I would like to suggest that the Law Enforcement Bulletin be completely revised as follows. Each speech, address or article submitted in excess of one page be condensed to one page or less in the Crime Records Section.

The Mechanical Section can run 17 pages at one time and if all past articles, addresses, etc. were condensed not to exceed one page, I believe it would have been possible to have published all the material contained therein in condensed form in 17 pages.

The style of writing currently carried in the Reader's Digest, Coronet, and other magazines of that type is far more readable than a lengthy, detailed article or address.

The present tenor of American reading seems to be in condensed form with the exception, of course, of certain scientific and trade magazines; however, considering that law enforcement offices are primarily the recipients of the Law Enforcement Bulletin and their educational attainments are not too high, I believe the Bulletin would be more widely read in condensed article form than in its present form.

If the Mechanical Section could publish the Law Enforcement Bulletin in one run of 17 pages, there would be a tremendous saving resulting.

OFFICE MEMORANDUM . UNITED STATES GOVERNMENT

TO : THE DIRECTOR
FROM : S. J. TRACY
SUBJECT :

With reference to the committee representing the field and Seat of Government to handle suggestions for the purpose of streamlining the Bureau's operations, I desire to again recommend that a cost survey be made.

I have felt over a long period of time that our inspection procedure is pretty much hit and miss, and I do not believe inspections will ever be on a sound efficient basis until we complete a cost survey of the entire Bureau's operations. Once the entire survey has been made by qualified trained accountants, I believe our inspections can then be based on something tangible and efforts made to inquire into the reasons for increased or decreased costs in a given operation. Such a cost survey need not be made every year; however, if inspections are based primarily on a known factor, they should become better year after year both in the field and at the Seat of Government.

Personnel inspections and general appearance inspections can, of course, continue to be made at any time, as well as, be made in conjunction with a regular inspection based on a cost survey.

I am further of the opinion that the cost of inspections will be greatly reduced once we have a complete cost survey and a factual basis upon which to judge the relative value, merit or economy of a given operation.

If we knew, throughout the Bureau, what our different surveys are actually costing, I think we would be able to more intelligently streamline the Bureau along the lines desired by the Director.

Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 28, 1946, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Margaret Q. Tracy Address 918 Beverley Drive, Alexandria, Va.

CIRCULAR NO. 3959

TO ALL EMPLOYEES:

Subject: Affidavit regarding membership in organizations which assert the right to strike against the Government.

Appropriation bills for the fiscal year 1947 provide that no part of the appropriation shall be used to pay the salary or wages of any person who engages in a strike against the Government of the United States or who is a member of an organization of Government employees that asserts the right to strike against the Government of the United States. It is provided that for the purpose of this legislation an affidavit shall be considered prima facie evidence that the person making the affidavit has not contrary to the provisions of this law engaged in a strike against the Government of the United States and is not a member of an organization of Government employees that asserts the right to strike against the Government of the United States.

All employees must execute the affidavit on the other side of this circular. When you have signed the affidavit it should be returned promptly to your immediate supervisor who will forward it through regular channels (for noting against payroll records) to the Administrative Assistant to the Attorney General.

Certifying Officers shall not release salary checks until this affidavit has been prepared and forwarded.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 15, 1947, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Fund:

Name Mrs. Margaret Tracy Address 4800 College Avenue, College Park, Maryland
Relationship Wife Dated June 11, 1947

The following person is hereby designated as my beneficiary under the Chas. F. Ross Fund providing \$1500-death benefit to beneficiary of agents killed in line of duty.

Name Mrs. Margaret Tracy Address 4800 College Avenue, College Park, Maryland
Relationship Wife Dated June 11, 1947

Dear Mr. Hoover:

Upon the occasion of the signing of the FBI Retirement Bill, I would like to express to you my appreciation for the effort I know you put into it personally which resulted in its being signed.

I only wish that our Agents in Charge and Agents throughout the Field could know the amount of effort it took and the fact that you carried the burden practically alone. Anything that the rest of us were able to do by way of assistance was but minor compared to that which you accomplished.

Sincerely,

Stanley Tracy

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Hoover:

I want to express to you, and through you to your able assistants in the Fingerprint Section, our appreciation and thanks for the assistance rendered in the identification of the 52 persons killed in the crash of United Air Lines Flight #608 of October 24, 1947 at Bryce Canyon, Utah.

In contacting your Washington Headquarters for help by means of fingerprint identifications we officially worked through Mr. Newman of your Salt Lake City Office and the Sheriff of Sevier County, Utah. Colonel A. D. Tuttle, Medical Director, United Air Lines, who served as a member of the Identification Team from the start to the finish of such work at Richfield, Utah, tells me that he has never seen a more earnest desire to be helpful in such a tragic emergency as confronted us than was displayed by your personnel. Because of the nature of the injuries sustained by the 52 persons aboard our Flight 608 at the time of the crash, positive identifications of an appreciable number of victims could not possibly have been made except through the fingerprint classifications of your organization.

The specimens sent to the Washington FBI Office for fingerprint identification were transported on a United Air Lines plane and in charge of a special United Air Lines courier. I have been informed by our Washington representatives that your experts conducted most of the examinations over a week-end when ordinarily such work, except in urgent cases, would be normally curtailed. I am advised that the following men in particular were of invaluable help during this period: Messrs. Stanley J. Tracy, Assistant Director, Federal Bureau of Investigation; John McGuire, Inspector; Edwin S. Weiss, Albert B. Ground, Sebastian F. Latona, John R. Mobyak, Cressen S. Henderson, Francis W. Attler. We were also fortunate in having the assistance of Messrs. William Warren, Jr., and Orland Christensen, both of Richfield, Utah, who we later learned have both had FBI training.

The fact that your Bureau was being utilized for the purpose of speeding up the identification of remains was a source of great comfort to the grief-stricken persons who had proceeded to the scene of the accident for the purpose of locating the remains of relatives.

All of us know that your organization is frequently called upon to conduct such activities as a public service, but I wish that more of our citizens could hear of the outstanding and helpful type of service such as was so splendidly demonstrated by your fingerprint section in the aftermath of our accident.

Sincerely yours,

W. A. Patterson

MEMORANDUM FOR MR. NICHOL

RE: STANLEY BALTZ

1. Stan Baitz had previously done pictorial reviews on the National Academy and the Laboratory and expressed an interest in a feature story on the Identification Division. Accordingly, an appointment was made for him to take a tour of the Identification Division.

2. Special Agent Kemper called Assistant Director Tracy the day before the tour and advised him of Mr. Baitz's status and also the exact nature of the tour. (Agent Kemper told Mr. Tracy that he would show Baitz around the Identification Division, Agent Kemper being fully familiar with the facilities there.)

3. The next morning when Agent Kemper arrived at Mr. Tracy's office he introduced Mr. Baitz to Mr. Tracy. After a brief conversation, Mr. Tracy called in Mr. Tamm and at what appeared to be the conclusion of their conversation Agent Kemper indicated that he would take Mr. Baitz around. Mr. Tracy then indicated that perhaps Mr. Tamm could conduct the tour. Mr. Tamm said something to the effect that Mr. Kemper could probably handle it, but Mr. Tracy again indicated his desire for Mr. Tamm to take the tour.

4. Accordingly, an extensive tour was taken throughout the Identification Division and the various functions explained to Mr. Baitz. After luncheon in the cafeteria we repaired to Mr. Tamm's office where the discussion was continued on a very friendly and affable basis. 67-21200 255

5. During the course of the tour, Baiz naturally expressed the desire for pictures and Agent Kemper told him that if he gave us notice and sent over a photographer we would be only too glad to help him.

6. A few days later a photographer from the Star was taken to the Identification Division where several photographs were taken. In our previous dealings with Stan Baitz, he has been very cooperative and amenable to any suggestions. He has, however, manifested a certain phobia against what he calls "blue pencil." It should be noted, however, that on several occasions

I had an appointment & could not stay for tour. Others been the practice when I am requested to go on a specific tour to have information go when I am out of the Bldg. We only got on tour at this time who get a specific request to do so as J.

during these contacts Agent Kemper offered all possible assistance to Mr. Baitz, indicating that we would be only too glad to check his copy in the interest of accuracy. Baitz's usual reply was that he felt sure that he had all the facts correct and appeared somewhat sensitive about the matter. A few days after the pictures were taken, however, Agent Kemper called Baitz and again pointed out in a very diplomatic way that he was writing on a technical subject and that he might want us to check for accuracy. After some hemming and hawing, he procured a copy and read it over the phone. There was one very glaring error in the copy that had something to the effect that no two sets (meaning ten fingers, right and left hands) of fingerprints were alike, and Agent Kemper corrected this point by indicating to him that no two fingers were alike. Although there were a few other things in the manuscript, including the quoting of Mr. Tamm, which were somewhat objectionable, it did not appear advisable to push the matter further, in view of Baitz's sensitive attitude.

Respectfully,

M. A. Jones
M. A. Jones

(ADDENDUM; LBN:hmc; 1/9/48)

I have issued instructions to Mr. Jones that hereafter when representatives of his section are assigned to take tours of newspaper representatives that they are to conduct the tours, that in the event they desire assistance then they are to communicate with the Division head.

I do not think Mr. Kemper is at fault in this instance. I do know that several representatives of the press are extremely touchy on submitting their stories prior to publication; however, I have instructed Mr. Jones should we have any more calls from ECK:eb Stanby Baitz that he should be referred to me and I will endeavor to personally handle him hereafter.)

This thing was mishandled by Tracy. Either the tour should have been conducted by Kemper or Tracy & not delegated to anyone else.

Subject: MORRIS R. WEINER
MISCELLANEOUS - INFORMATION CONCERNING

With reference to your inquiry concerning a request from the San Juan Office for all the information in the possession of the Bureau regarding the activities of one Morris Weiner of New York City, I desire to advise as follows:

Letter of May 24, 1943 from San Juan was received in the Bureau, searched in the Records Section, given file number 32-2380, and routed to the Identification Division, where it was received on May 31.

In view of the fact the Records Section classified the letter as 32-2380, this indicated to the Identification Division that there was no record located in the Bureau concerning this man. Therefore, the Identification Division considered it solely as an identification matter, and, being unable to make an identification, sent a form letter reply to San Juan stating "It has not been possible to locate any record in the fingerprint files..."

The employee markings on the San Juan letter indicate that records which might possibly have been identical were located. A research of the Card Index Section today located a record on one Morris Kart, with alias Morris Weiner, FBI #2264058. A copy of this record is attached. This record was considered in connection with the letter; however, it was eliminated by the employee making the search in 1943. This record, which reflects the subject was born in Pittsburgh, whereas the letter of inquiry reflects St. Louis, Missouri as the birthplace, could have been furnished as a possible identification. The identity of the employee handling this inquiry cannot now be ascertained.

The San Juan Office, on receiving the letter from the Identification Division which indicated only the fingerprint files of the Identification Division had been searched, should have requested an additional search in the Records Section indices, in my

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to February 15, 1948, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK --~~MONEY ORDER~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

MEMORANDUM FOR MR. TRACY

[Handwritten signature]
RECORDS SECTION

[Handwritten signature]
IDENT

I have read with considerable concern the memorandum which you prepared under date of February 11, 1948, in which you endeavored to explain the mishandling of a communication from the San Juan Office dated May 24, 1943, which requested "all information" in the Bureau's possession.

When the communication in question was received in the Identification Division it was handled as a routine inquiry for fingerprint information and was acknowledged as such. In your memorandum of February 11, 1948, you gave as the reason for not making a check of the administrative files the fact that the Records Section had given the communication in question a 32 classification. You further stated that the Records Section in classifying the letter in the 32 category indicated to the Identification Division that there was no record located in the Bureau concerning Morris Weiner, who was the subject of the communication from San Juan, and, therefore, the Identification Division considered the inquiry solely as an identification matter.

The conclusion reached by the Identification Division as stated by you is absolutely erroneous since the Records Section has never indicated in classifying general mail and giving it a file number that by so doing there is no prior record in the Records Section. It was incumbent upon the clerical employee handling the incoming communication to request a complete check of the Records Section for any prior record in order to properly handle the inquiry from the San Juan Division. Nowhere in the communication from the San Juan Division is the request made for identification information exclusively and it specifically requested all information in the possession of the Bureau. It appears very obvious that the letter in question was mishandled in the Identification Division in this instance and very definitely there is indicated a lack of sufficient supervision and training of clerical employees to handle such requests.

67-31222-257

I was particularly displeased to note the last paragraph of your memorandum of February 11 to the effect that the San Juan Office upon receiving the letter from the Identification Division which indicated only the fingerprint files had been searched, should have requested an additional search in the Records Section indices. Such an omission on your part is quibbling and I cannot help but feel that you do not sense the responsibilities that are imposed upon us here at the Bureau to properly handle communications addressed to us by the various Divisional offices.

As I have indicated, I am very much displeased with the manner in which the San Juan letter was fumbled by the Identification Division and it is imperative that clerical employees in the Identification Division receive proper training and supervision in order that such incidents will not occur in the future. Furthermore, I want you to understand that I will not tolerate any lack of team work on the part of the various divisions at the Seat of Government since it is not possible to get our job done if we are pulling at odds instead of working as a team. Your explanation for the failure of the Identification Division to properly handle the incoming letter from San Juan in the first instance amounts to buck passing in its worst aspects. In the future when the Identification Division undertakes to handle a communication, it should do so in the first instance properly and efficiently.

Very truly yours,

RE: UPA PROMOTION

It is noted that Mr. S. J. Tracy, Assistant Director was promoted to Grade CAF-15, \$10,305.00 per annum effective 6-1-47. He is eligible for an increase under the provisions of the Uniform Promotion Act effective 12-12-48, however, since \$10,330 is the maximum annual salary of Federal Employees the increase in this instance will amount to only \$25.00 per annum.

It is therefore, recommended that he be afforded this increase to \$10,330 per annum effective 12-12-48.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

DATE: 9/1/48

To : W. R. GLAVIN

From : H. L. EDWARDS

Subject: ELECTION OF BUREAU EMPLOYEE TO BOARD OF REVIEW OF
EFFICIENCY RATINGS AND DESIGNATION OF DEPARTMENT
MEMBER OF THE BOARD OF REVIEW.

Reference is made to the Board of Review for the Department of Justice established pursuant to Section 9 of the Classification Act of 1923, As Amended, to hear efficiency rating appeals under the regulations promulgated in Chapter E-1 of the Federal Personnel Manual.

In accordance with these regulations, the Bureau has in the past designated you as the Department member of the Board of Review with Mr. Stanley J. Tracy as the alternate. The employee member of the Board of Review has been Mr. John W. Martin of the Identification Division with Mr. Godfrey P. Runaldue of the Records Section as the alternate.

Chapter E-1 of the Federal Personnel Manual also reflects that it is possible for the Bureau to forego the election usually held to select the employee members of the Board by addressing a letter to the Civil Service Commission to the attention of Mr. John A. Overholt advising that the Bureau is continuing the present incumbents in office for an additional year. All that would be required would be the posting of copies of the letter to the Commission on the bulletin boards for a period of ten days. If no objection in excess of 10% of the employees is raised to continuance of the incumbent employee members, they would be approved for an additional one-year period.

I have talked with Messrs. Tracy and Nichols and they have agreed that it would be satisfactory to continue these employees in their present capacities for an additional year since they both are in a very satisfactory status at the present time.

RECOMMENDATIONS:

It is recommended that you and Mr. Tracy be continued as the Department and alternate members respectively of the Board of Review and that the Civil Service Commission be advised accordingly.

It is also recommended that employees Martin and Runaldue be continued as the employee member and alternate respectively of the Bd. of Review of efficiency ratings and that the Civil Service Commission be advised accordingly.

If you approve, the necessary letter to the Commission is attached with appropriate copies for posting on the bulletin boards for a ten day period.

Attention: Mr. John A. Overholt

Gentlemen:

In accordance with Section 9 of the Classification Act of 1923, As Amended, concerning the designation and election of Department and employee members respectively to the Board of Review to hear efficiency rating appeals, you are advised that Mr. W. R. Glavin, the present Department member incumbent, and Mr. Stanley J. Tracy, the alternate, are being continued in their present capacities for an additional year.

It is also desired to advise you that in accordance with the provisions as promulgated in Chapter E-1 of the Federal Personnel Manual, this Bureau is foregoing the yearly election of the employee members to the Board of Review of efficiency ratings and is continuing the present incumbents in office for the present fiscal year. The present incumbent is Mr. John W. Martin and the alternate is Mr. Godfrey P. Rinaldne.

In accordance with the Commission's regulations, copies of this letter are being posted on the various bulletin boards for the attention of the employees in the event they have any objection to the present incumbents continuing in office for an additional year in order that they may make their objection to your office before the expiration of the prescribed ten-day period.

It is desired that the Bureau be advised of your approval of the foregoing.

Dear Sir:

As you are aware, the Bureau found it necessary to return employee Otis L. Vandevier to his former position in the Identification Division, as the result of his inability to meet the requirements in Special Agent Training School. The Training and Inspection Division reached the conclusion that he was definitely not Agent material, and among the factors in support of this were their observations that his appearance was no better than average, and his personality inadequate for a Special Agent's responsibilities. Inasmuch as it is noted you interviewed Mr. Vandevier and favorably recommended him for the Special Agent's position, the Bureau feels it desirable to call your attention to the variance between your appraisal of this employee and the comments of the Training and Inspection Division, in order that such deficiencies as existed in this case will be detected in the future.

Director
Federal Bureau of Investigation
United States Department of Justice
Washington, D. C.

Dear Sir:

For inclusion in the fund to be paid to the widow or designated beneficiary of any Special Agent of the Federal Bureau of Investigation, United States Department of Justice, who had contributed to this fund prior to July 31, 1949, and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of ten dollars (\$10.00), made payable to the Chief Clerk of said Bureau, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund, which I understand is to be administered in the following manner:

The Director of the Bureau will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director of the Bureau in pertinent matters. The Chief Clerk of said Bureau shall receive all contributions and account for same to the Director.

Upon the death of any Special Agent, the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000.

The following person is hereby designated as my beneficiary for F. B. I. Agents' Insurance Funds:

Name Margaret Tracy Address 4800 College
Relationship Wife Dated Aug 1, 1949

The following person is hereby designated as my beneficiary under the Chas. S. Ross Fund providing \$1500-death benefit to beneficiary of agents killed in line of duty.

Name Mrs. Susan Tracy Address 4800 College
Relationship Mother Dated College Park Md 10/15/49

Washington Athletes Of Yesteryear In FBI

By STANLEY BAITZ

THE BLOND, ruddy-faced man finished his lecture and sat back in his office to relax between classes.

As special agent in charge of the FBI Academy at Quantico, Dick Newby is continually on the go. However, he can strain a point and find time to talk about Washington athletes of yesteryear, a number of whom he meets from time to time in his G-man retraining classes.

As susceptible as any one else to the paunchiness of middle age and the slowing of reflexes, the FBI men fare better than most, probably because the job requires the maintenance of certain physical standards.

Mr. Newby himself shows barely any thickening of midriff, although it was 29 years ago that he was a five-sport man at Central High School, one of the greatest all-around athletes local high schools ever produced. He was a member of the track and swimming teams and played football, baseball and basketball. He won South Atlantic fancy diving championships, was all-high halfback and won the District high school shotput event.

At Princeton he played football in 1921, '22 and '23, was a member of the swimming team and captained the water polo team, being selected on the all-America team in 1924. One football incident of his Princeton days stands out in his memory:

"We were playing the Naval Academy in Annapolis in 1921, and a lot of my friends had come over from Washington to see the game. The game wasn't more than three plays

old when I was put out for slugging Swede Larson of Navy—and I was completely innocent. If I was going to slug somebody I wouldn't pick on a guy that big. To make it worse, the referee led me off the field on the Navy side and left me in front of the Navy bench."

Dick's brother Bob, who was almost as great an athlete at Central, and later at George Washington University, also is a G-man. Of approximately the same vintage is Guy Hottel, special agent in charge of the Washington area, who played guard on G.W.'s "iron-man" teams of 1922, '23 and '24.

"They were called iron-man teams because we had only 11 or 12 players on the entire squad," he recalls. "I played 75 consecutive quarters—more than 18 games—without even being taken out."

Hottel had one of his best days in 1923, when he threw the famed Frank Goettge, fullback of the Quantico Marines, for three successive losses.

Although his hair is gray now, G-Man Walter Morris looks as though he could still cavort around a baseball infield, as he used to do with Georgetown University in 1929, '30 and '31, and later with minor league pro and local sandlot teams.

Basket ball also was his sport. He played at St. John's College High School and later captained the Georgetown team. One of his teammates at St. John's was Jim (Tubba) Farrell, now a G-man. Among his basket ball contemporaries at Georgetown were

Maurice McCarthy, Freddy Mesmer, Paul Dillon, Harold Meenan and Johnny Dunn. The latter also is a G-man.

Mr. Morris probably gets his greatest thrill when he recalls how, at the age of 12, he used to shag flies in pre-game practice at Griffith Stadium—flies fungoed by his neighbor and friend, Walter Johnson. He became mascot of the Nationals in 1924, the year they won the pennant and the World Series.

G-Man Courtney Hayden played guard on the championship 1927 Eastern High School football team. Later, at Maryland University, he played on the great 1931 team which lost only to Vanderbilt. On that team were Bozle Berger, Shorty Chalmers, Ray Poppleman, Charlie May, Bill (Smoky) Woods and Jack Norris. The last three are now with the FBI.

Milton Singman, who played basket ball at the old Business High School and much sandlot baseball, has been with the FBI for 16 years. His brother Lester, formerly a G-man, was a teammate as were Fred Finley and Bernie Jones, who also are FBI men.

Stanley J. Tracy, an assistant director of the FBI, was a distance runner on the 1924 track team at G. W. Other once well-known local athletes now with the FBI include Tommy Webb, Maryland, football and golf; Willis Benner, Maryland and McKinley High School, football; Willis Fisher, Eastern High, baseball; Forrest Burgess, Central High, basket ball; Billy Dettweiler, Georgetown, golf, and Ray Davidson, Maryland, baseball.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : Mr. Tolson

DATE: 2/18/49

FROM : S. J. TracySUBJECT: RICHARD J. CICIEREGA
Identification Division Employee

With reference to the Director's request for an explanation as to the delay in recommending administrative action against the above-named employee, I desire to advise as follows:

The employee was talked to on his return to duty Tuesday, February 1, and the matter referred to me February 2. I turned it over to Personnel Assistant O'Connor to investigate and interview the employee, in view of the fact the employee is a veteran. This was completed on Friday, February 4 (Night Force). Mr. O'Connor dictated his memorandum on February 7 and it was transcribed February 8.

On receiving Mr. O'Connor's memorandum of February 8, I carefully reviewed the employee's file and discussed his entire record with the employee Friday, February 11, dictating and transcribing the addendum Monday morning, the 14th. These recommendations were received by the Personnel Unit in the Justice Building at 1:30 p.m. Monday, February 14.

I was concerned in this particular case because this employee's record from the time of his entry on duty had been above average, and ten separate monthly reports submitted by seven different supervisory employees commented on the good work of the employee and his good attitude. The last monthly report, for December, was the first report to show any change in his attitude or work. Inasmuch as he is a veteran, I wanted to be very sure that the record was perfectly clear in connection with any recommendations made.

I regret sincerely the delay in getting this case to the Bureau, and will see to it that no such delay occurs again.

S. J. Tracy

With reference to the director's inquiry as to the reason for the delay in acting upon the above matter, Mr. Tracy has submitted the attached memorandum. The following is a summarization of the matter.

Upon Cicierega's reporting for duty on Tuesday, February 1, he was interviewed regarding his absence and the matter referred to Mr. Tracy on February 2, 1949. He referred the problem to the Personnel Counselor, Joseph H. O'Connor for investigation and interview in view of the fact that Cicierega is a veteran. This was completed on Friday, February 4, 1949 and Mr. O'Connor dictated his memorandum on February 7, and it was transcribed on February 8, 1949.

On receiving Mr. O'Connor's memorandum of February 8, 1949 Mr. Tracy carefully reviewed the employee's personnel file and discussed his entire record with him on Friday, February 11, dictating an addendum Monday morning, February 14, 1949, which was transcribed the same day.

The memorandum containing the recommendation of Mr. Tracy and Mr. O'Connor was received in the Personnel Unit in the Justice Building at 1:30 p.m. on February 14, 1949. The Memorandum recommending administrative act on was dictated on February 15, and transcribed February 16, 1949.

S. J. TRACY
MEMORANDUM FOR MR. TRACY

Re: Delay in Handling Correspondence
Identification Division

I have read the memorandum which was submitted today by Mr. O'Connor to you endeavoring to explain the delay in acknowledging a communication from Mr. David Ennis, Chief of County Detectives, Norristown, Pennsylvania.

I consider the explanation to tally unsatisfactory and it is imperative that you give immediate attention to correcting such situations in your Division. The letter in question was received in the Identification Division on November 23 at 9:02 a. m. and according to the explanation furnished was routed through the Identification Division for routine handling by clerical employees. From the routing slips attached, it would appear that the clerical supervisor called the letter to the attention of a Special Agent Supervisor on December 3 and he issued instructions that the letter should be immediately transmitted to the Investigative Division for action and acknowledgment. The letter was not actually acknowledged until December 7, 1948 by the Crime Records Section.

As I have indicated, I am very much concerned with respect to the handling of correspondence in the Identification Division and I desire that you give this matter your immediate attention. Incoming correspondence should most certainly be reviewed by a Special Agent Supervisor in order that it can be evaluated and those matters requiring immediate attention can be properly referred instead of being sent through for processing first on a routine basis and then later determining that it should have been given preferred attention at the very beginning. I will not tolerate such a situation continuing and I desire that you advise me what steps you have taken to correct this situation.

Very truly yours,

John Edgar Hoover
Director

Date: December 9, 1948

From : J. M. O'CONNOR

Subject: DELAY IN ANSWERING LETTER
FROM MR. DAVID ENNIS
NORRISTOWN, PENNSYLVANIA

A letter dated November 20, 1948, was received from Mr. David Ennis, Chief of County Detectives, Norristown, Pennsylvania. It was received in the Identification Division on November 23, 1948, and was referred to the Investigative Division for answer on December 3, 1948. Mr. Mohr, by routing slip, asked for an explanation as to why it took from November 23, to December 3, to refer for action.

This letter was cancellation of a wanted notice. Generally, cancellations are not acknowledged and are routed through the Identification Division routinely in order to have the wanted notice removed from our files. This letter was treated accordingly. During its progress through this Division the supervisor noted that this letter dealt with a train wreck and in particular contained best wishes to the Director for his complete recovery. It was taken out of the category of nonanswer immediately and referred to the Justice Building for action.

With reference to the failure of this applicant, an employee of the Identification Division, to make satisfactory progress in the New Agents Training Class, the Training and Inspection Division observed:

(1) "his appearance was no better than average," and (2) "his personality inadequate for a Special Agent's responsibilities."

I interviewed this employee on June 8, 1949, and pointed out:
(1) "He makes an average personal appearance, has an average personality," and (2) that he is "very serious minded and hard working....., is somewhat reserved and inclined to be quiet."

This was a borderline case. I could not find sufficient to patently disqualify him, nor could I see in my appraisal of him anything to indicate he would be outstanding. I therefore did not state that I felt he would be a successful Special Agent. On the contrary, I pointed out in my memorandum that I felt "he will put forth every effort to be successful as an Agent." I further qualified my recommendation by placing it upon the basis that "I believe he should be given the opportunity to demonstrate his ability to successfully function as an Agent."

From time to time we have among our employees, individuals such as Vandevier who, if they are able to assimilate the training, become very good Special Agents. The only way to determine whether they are capable of assimilating is to give them an opportunity in an Agents' class. It then becomes the responsibility of the instructors to determine whether his mentality is such that he can absorb the training.

I feel that my appraisal of Vandevier was quite accurate and not at variance with the Training Division's appraisal. I could not tell whether he could absorb the training, therefore, I made the limited recommendation that he be given the chance to demonstrate his ability. He was given that chance, and, after several weeks, the Training Division, according to the Director's letter of September 9, 1949, reached the conclusion that he was not Agent material.

I try to be very careful in appraising applicants for the position of Special Agent and will continue to give careful consideration to such applicants in the future.

The Director has inquired on the attached routing slip as to the whereabouts of the explanations of the officials who recommended "the misfits in the current New Agents' School", stating, "I want to nail down the responsibility, as something is radically wrong somewhere." *OS*

This refers to the two captioned former Agent trainees whose resignations were requested from Training School at the close of business 9/6/49, because of their failure to develop and the fact that they did not appear to be adequate Agent material. One of the trainees, Randall J. Gething, had been a clerical employee in the Records Section, and although approved for reassignment there, declined to return; the other trainee, L. Otis Vandevier, had been employed in the Identification Division and returned to his former assignment there after failing the Agents' Class. *67-415239-41*

Memoranda of explanation for having favorably recommended these two trainees have been secured from *Mr. X Nichols, Mr. X Tracy,* and Special Agent Supervisor *W. E. X Clark.* For the Director's additional information, a letter was sent to Mr. Nichols under date of 9/12/49, calling his attention to the variance between the favorable appraisal of applicant Gething by the Records Section, as contrasted with the unfavorable observations of the Training and Inspection Division. Similar letters were sent to Messrs. Tracy and Clark under date of 9/9/49 for their responsibility in connection with applicant Vandevier.

Memoranda of explanation are as follows:

Mr. Nichols in his memorandum reviews the consistently favorable record of applicant Gething as a clerk in the Records Section and a tour leader, and states that there was nothing in his work record which would have indicated a lack of ability to get along. There appears to be no criticism regarding Gething's personality or appearance. Mr. Nichols concludes that it now appears

MEMO FOR MR. GLAVIN - (Cont'd)

that Gething did not have a sufficient educational foundation which would enable him to assimilate the Agent's training and regrets that he failed in the Training School. He states that the Records and Communications Division will endeavor to be more discerning in the future.

Mr. Tracy in his memorandum regarding Vandevier states that Vandevier was a borderline case and he could not find sufficient to patently disqualify him, nor could he observe anything to indicate that he would be outstanding. Mr. Tracy recommended in his memorandum on the applicant that he believed he would put forth every effort to be successful as an Agent, and believed he should be given the opportunity to demonstrate his ability to successfully function as an Agent. Mr. Tracy states that his observations show that there have been numerous employees such as Vandevier who become very good Agents if they are able to assimilate the training, and the only way to determine whether they are capable of doing such is to give them an opportunity in an Agents' Class, and it then becomes the responsibility of the instructors to determine whether the applicant's mentality is such that he can absorb the training. He states that it appears that Vandevier could not successfully absorb the training and was consequently eliminated from Training School. He concludes that he tries to be very careful in appraising applicants for the position of Special Agent, and will continue to give careful consideration to such applicants in the future.

Mr. Clark in his memorandum regarding Vandevier states that although he does not recall the interview very clearly at this date, he feels that overall, Mr. Vandevier appeared to him to possess sufficient qualifications and potentialities for developing into a desirable Agent, and consequently, he made a favorable recommendation. Mr. Clark points out that a review of Vandevier's file prior to the interview reflected that his previous record in Ident had been satisfactory, that he was a veteran of World War #II, that his wife was also employed in Ident, and these factors, while they favored his cause, could not be and were not considered as in any way making a favorable recommendation mandatory. Mr. Clark states that he has always felt that the basis for a favorable recommendation must be found in the applicant's personal qualifications and potentialities for developing as an Agent. He concludes that it is a source of keen regret to him that his appraisal of Vandevier was not borne out by subsequent events.

MEMO FOR MR. GLAVIN - (Cont'd)

In addition to Trainees Gething and Vandevier, eight other Special Agent Trainees have to date been eliminated from Special Agent Training Classes, Numbers 4 and 5, which entered on duty 7/11/49 and 7/25/49. Their names are:

J. LARNER ~~X~~ CONIFF
JAMES P. ~~X~~ HORTON
MICHAEL J. ~~X~~ HARKIN
ARTHUR ~~X~~ RAMO
JAMES T. ~~X~~ SMITH
FREDERICK HOLMES ~~X~~ SMITH
DAVID R. ~~X~~ SMYTHE
BILLIE ~~X~~ TURNER

Of this group, Arthur Ramo failed to qualify in firearms and did not appear to have sufficient personal qualifications, as the result of which a letter of censure was directed to ASAC Milton Kaack of Newark, who had favorably recommended him; James T. Smith was considered to be lacking in personal qualifications, and a letter was sent to ASAC Van Pelt at San Francisco, who favorably recommended him; J. Larner Coniff, was released because of difficulties he got into, in connection with an arrest by the Metropolitan Police Department and intoxication. The other trainees either failed to qualify in firearms or failed the Manual examinations, and their personal qualifications were not the subject of derogatory comment.

Dear Mr. Hughes:

I have received your letter and reply post card urging that I subscribe to Harper's Magazine.

Harper's has been a frequent traveling companion of mine for many years, and I have thoroughly enjoyed many of its articles.

As one, however, who has followed Mr. Bernard DeVoto's career with interest in the years that have passed since we lived on the same street and in the same block in Ogden, Utah, I find it most difficult to believe that he knowingly descended to the level of the article "Due Notice to the FBI" in the current October issue.

Needless to say, it is equally difficult to understand the untenable position of Harper's in the "Personal and Otherwise" column on the same subject in the same issue.

As a citizen I am as zealous as Mr. DeVoto or Harper's Magazine in praying that someday a method will be found to stamp (using Mr. DeVoto's terminology) "gossip, rumor, slander, backbiting, malice and drunken invention" out of the human soul.

As an Assistant Director of the FBI, I am very sorry that Mr. DeVoto did not stamp these same vicious human failings out of his article. His avowed decision to stop it after he wrote the article is most commendable although the method he chose seems to lack mature consideration.

Thank you very much for your invitation to subscribe, but I believe I would rather continue to buy Harper's from the newsstands whenever I note articles by authors in whom I have confidence.

Sincerely yours,

Stanley J. Tracy

Mr. Kemper, who has been assigned in the Crime Records Section since September 5, 1946, has a primary responsibility for the preparation of the Law Enforcement Bulletin. In this assignment he has turned in an outstanding performance in improving not only the quality but the content of the Bulletin. The credible thing is that he does this more or less on the side and does not give his full time by any stretch of the imagination to the Bulletin.

He has received Excellent ratings for the past several years. He also does an excellent job on handling special tours, speaking engagements and has handled several writers in a credible manner. On November 12, 1947 he was advised he had been recommended for superior accomplishment award in view of the outstanding manner in which he performed his duties over a period of time. On that occasion he was jumped one step within a grade in salary.

In February of 1948, I pointed out in a memorandum that Kemper should be considered on a long range basis for a SAC. He is willing and industrious and puts in long hours. Thus on August 24, a memorandum was prepared for my signature which recommended that he be reallocated to CAF 13. At that time I made a notation that Kemper "is outstanding and is always looking for ways to help out."

So far as the Bulletin is concerned, aside from the reprinting of the article from the St. Louis Globe Democrat in the September 1949 issue of the Bulletin wherein the form containing the word "Jewish" has been picked up and given considerable unfavorable publicity to the Bureau, Kemper is guilty of only one other error. In the June 1948 issue of the Law Enforcement Bulletin, the Chief of Police at Brattleboro, Vermont, was referred to as Joseph S. Holliday where in fact it should have been Ralph Holliday. The cover letter from Albany used the word "Joseph." Mr. Kemper was censured for this under date of June 12, 1948.

With reference to the story appearing in the New York Compass. The story on the St. Louis Police Department originally appeared in the rotogravure section of the St. Louis Globe Democrat for April 24,

LBNFdmh

3fic

Memorandum for Mr. Tolson

1949, referring to a rather unique method in the handling of a rogues gallery. The St. Louis Office by letter was requested to secure the original photograph which it did do. Mr. Kemper reviewed the story as it appeared in the St. Louis Globe Democrat as well as the pictures and since the pictures carried two names at the top of the IBM card and another general appearance form, in order to avoid any criticism, these names were scratched out. Since these forms had been published in St. Louis in a newspaper of wide circulation and in view of the fact that we were reprinting the story in the Law Enforcement Bulletin, a publication of restricted circulation, Mr. Kemper did not feel that the material which now appears to be objectionable should have been deleted.

In questioning Mr. Kemper, he tells me he recalled the difficulty in connection with the Identification Order but regarded that as something issued to the public and given a wide spread publication and on the other hand this had been published, was a form of the St. Louis Police Department and the Bulletin specifically carried the notation the article was being reprinted. He accordingly thought that there would be no objection. Mr. Kemper tells me he honestly can not say that he questioned the use of the word "Jewish," or that it made any impression on him. It did not register with him or otherwise Mr. Kemper would have brought it to my attention. I do know in days gone by Mr. Kemper has come to me on numerous occasions with questions. In this connection, I have considered Mr. Kemper a very conscientious, loyal and industrious individual.

After the material was prepared, it was reviewed by ^{Lets to Mr. Nichols,} Mr. Jones and the particular copy was reviewed on two occasions, ^{McGuire, Jones,} the first by Messrs. ^{Kemper & Meach} Tracy, Noble for Clegg, Parsons for Harbo, McCabe for Rosen, Fletcher, Ladd and McGuire for me. The material ^{10/20/49} was resubmitted in the galley proof form and the illustration in question was carried as a blueprint. This was approved by Messrs. Parsons for Harbo, McCabe for Rosen, Boswell for Clegg, Winterrowd for Ladd, Fletcher, Meach for Leonard, Mr. Tracy and myself.

CONCLUSION AND RECOMMENDATION

1. Kemper was initially responsible for detecting something that would be objectionable. If it slipped him Mr. Jones is responsible. In the final analysis I should be personally held accountable for this as I have had more experience and certainly I should have sensed the connotation. Actually I glossed over the matter which makes it more inexcusable as far as I am concerned. A separate memorandum is being submitted on Mr. Jones.

*This proves the review
approvals are purely perfunctory
& mean nothing.
H. J.*

Memorandum for Mr. Tolson

October 17, 1949

2. It is recommended that Mr. Kemper be reallocated to CAF 13 on August 24, 1949. A memo from the Chief Clerk's Office summarizes this recommendation and is dated October 6, 1949. An official notification was sent through under date of October 13, 1949. I now recommend this reallocation be cancelled and withdrawn. I should have previously recommended this course of action as the New York Compass came out on September 22, 1949. I knew, of course, of Kemper's participation in the preparation of the article and there is no explanation for not having recommended the cancellation of the Grade 13 at an earlier date. — *rich made a gross mistake here. 10/18* *I agree*

3. Aside from the two errors above mentioned, Kemper has been a distinct addition to the Crime Records Section. It would be a distinct loss for him to leave the section. He is the type of man who takes matters such as this very seriously. My feeling is he would buckle down and be an even greater asset to us in the future. He has two children and has had considerable difficulty with living quarters for the past year or so. He is now well settled. While under ordinary circumstances the cancellation of the Grade increase would be sufficient punishment for dereliction I am recommending his transfer from the section.

I have gone over this whole matter in detail and in fact this memorandum is dictated in his presence. Mr. Kemper would like to have it made a matter of record that his feelings be recorded, he would not like a transfer but would like to remain in the section and demonstrate his worthiness and the confidence heretofore reposed in him.

I recommend he be continued in the section
24 yes. 10/18
J. A.

ADDENDUM: LBN:dmh 10-17-49

In fairness to Mr. Kemper, he does put in considerable overtime, he is a worker and has been over assigned at times for which I must assume some responsibility. I think this fact should be taken into consideration as a mitigating circumstance.

*Letter to Nichols - no sure
Gore, 11/24/49. Kemper.*
Since Kemper has received special attention, thus neglect of Nichols to properly administer his office I will allow Caf 13 to stand. Kemper is to be censured & placed on probation. Jones & all others who reviewed this issue of the Bulletin are to be censured & their derelictions are to be reflected in the next Efficiency Ratings. Kemper is to receive no further increases until his work shows the necessary care & improvement. H.

Dear Mr. Engert:

I have been advised of the recent suggestion you made that the Bureau start an FBI National Academy Fingerprint School.

The Bureau has considered your suggestion and has recommended against its inauguration for the reason that the subjects proposed ~~can~~ be adequately covered in regional fingerprint schools which are held from time to time throughout the country.

Your continued interest in the Bureau's work as shown by the submission of this suggestion is indeed appreciated.

Sincerely yours,

FBI AUTOMATIC DECLASSIFICATION GUIDE
DATE 03-06-2012

There are enclosed for your consideration and delivery to the captioned employees letters censuring them for delinquencies in the performance of their official duties.

In this connection, it appears that the dereliction of Francis E. O'Brien was not brought to your attention in order that consideration could be given to appropriate administrative action and thereafter O'Brien was afforded an efficiency rating which certainly did not take into proper account his deception and deliberate violation of a Bureau rule. You are also instructed that no procedure involving entrapment as was employed in this instance to discover the failure of employee O'Brien should be used hereafter and instead the procedure should be of a normal and practical nature, such as having the supervisors themselves file fingerprint cards from time to time which will permit them to note the absence of any charge card.

In addition, the following action should be taken by you:

You should properly acquaint all of the employees of the Technical Section with the extent of the duties and responsibilities of the supervisors in that Section in order to minimize as much as possible resentment against any administrative action taken by such supervisors.

You should also impress upon these supervisors the need for employing tact as well as firmness in the enforcement of the necessary rules and regulations governing the type of work performed in that Section.

It is also desired that you make certain that no attempts are made by members of your supervisory staff to dissuade employees who are leaving the service of the Bureau from freely expressing their opinions if they desire to do so regarding the treatment they have received as employees as well as any suggestions or criticisms they may wish to make at the time.

Inasmuch as Assistant Coordinator John E. Prince has advised of certain difficulties which have arisen in the past between himself and his family on one hand and neighbors in the community where he resides, and although it does not appear that he has acted improperly in connection therewith it is desired that you discuss with him the advisability

THE ATTORNEY GENERAL
DIRECTOR, FBI

October 20, 1949

Recently, both houses of Congress approved legislation to establish schedules of rates of basic compensation for certain employees of the Federal Government. The Congress approved the establishment of new grades of compensation known as Grade GS 17, ranging from \$12,200 to \$13,000 and Grade GS 18, set at \$14,000 per annum. It was approved that there shall not be more than 75 positions in Grade GS 17 and not more than 25 positions in Grade GS 18. The incumbents of the positions in Grade GS 17 are subject to approval by the Civil Service Commission, upon recommendation of the heads of the various governmental departments and agencies; the persons to be designated for Grade GS 18 are required to be approved by the President upon the recommendation of the Civil Service Commission.

In considering those representatives of the Department of Justice who might be covered by this legislation, I would like to make the following recommendations.

INDEXED - 21

1. For allocation to Grade GS 18, I would like to recommend Mr. D. M. Ladd. Mr. Ladd presently occupies the position of Assistant to the Director in Grade GS 15, \$10,330 per annum. Under the over-all direction of the Director of the FBI, he is charged with the responsibility for supervising all investigations performed by the Federal Bureau of Investigation. The investigations cover a wide variety of classifications, involving not only those pertaining to the internal security of the nation but those which deal with the investigative jurisdiction of the Bureau. As Assistant to the Director, Mr. Ladd occupies the Number Three position in the Bureau, subordinate only to the Director and the Associate Director. In the absence of either or both he assumes their responsibilities with respect to the complete operations of the entire Bureau. Mr. Ladd entered on duty in the Bureau on November 5, 1928.

Memorandum for the Attorney General

For allocation to Grade GS 17, I would like to recommend the following officials:

1. **HUGH H. CLEGG.** Mr. Clegg is the Assistant Director in charge of the Training and Inspection Division of the Bureau at the Seat of Government and, as such, has jurisdiction over all phases of the inspection work of the Bureau both at the Seat of Government and in the field. He supervises all aspects of training, including the training of newly appointed Special Agents and in-service Agents. He also supervises the FBI National Academy, which trains state and local law enforcement officials. Mr. Clegg entered on duty in the Bureau on August 12, 1926.
2. **L. B. NICHOLS.** Mr. Nichols is the Assistant Director in charge of the Records and Communications Division of the Bureau at the Seat of Government. As such, he has under his direct supervision over 1,000 employees. He supervises all phases of the work pertaining to the files of the Bureau, the preparation of Uniform Crime Reports and the FBI Law Enforcement Bulletin. He acts as Associate Director of the Bureau in the absence of that official. Mr. Nichols entered on duty in the Bureau on July 30, 1934.
3. **EARL J. CONNELLEY.** Mr. Connelley is the only field Assistant Director of the Bureau. As such, he is designated to take complete charge of the most important cases handled by the Bureau in various parts of the country, such as Espionage, Kidnaping, Extortion and major fugitive cases. He is given complete responsibility for the investigative work performed by agents assigned to handling such major cases. Mr. Connelley entered on duty in the Bureau on January 16, 1920.
4. **W. R. GLAVIN.** Mr. Glavin is Assistant Director in charge of the Administrative Division of the Bureau at the Seat of Government. In this capacity he has charge of all of the administrative phases of the Bureau's work, including budget and accounting matters, the cartographic work, the mechanical work, including the preparation of Identification and Apprehension Orders,

Memorandum for the Attorney General

and other types of duplicating work and, in addition, has charge of all personnel activities of the Bureau, including applicant interviews and investigations, appointments, efficiency ratings, promotions and reallocations, and related duties pertaining to personnel. Mr. Glavin entered on duty in the Bureau on April 6, 1931.

5. STANLEY J. ~~TRACY~~. Mr. Tracy is the Assistant Director in charge of the Identification Division of the Bureau, which includes all functions pertaining to the fingerprint files maintained by the Bureau. At the present time Mr. Tracy has under his supervision approximately 1,700 employees and the fingerprint files of the Bureau contain over 112 million sets of fingerprints. Mr. Tracy entered on duty in the Bureau on November 16, 1933.

Sept 7
CIT

6. ALEX ~~ROSEN~~. Mr. Rosen is the Assistant Director in charge of the general Investigative Division of the Bureau at the Seat of Government. In this capacity he supervises the investigative work of the Bureau pertaining to all phases of its operation, other than those pertaining to security matters. He is charged with the duty of supervising all criminal and civil investigations assigned to the Bureau, including Kidnaping, Extortion, Bank Robbery, Anti Trust, National Motor Vehicle Theft Act, White Slave Traffic Act, National Stolen Property Act, Fugitives and many other types of investigations. Mr. Rosen entered on duty in the Bureau on October 16, 1933.

7. R. T. ~~HARBO~~. Mr. Harbo is Assistant Director in charge of the FBI Technical Laboratory. He supervises the work of the Cryptanalysis and Translation Section, the Document Section, the Physics and Chemistry Section, the Radio and Electrical Section and also all types of research in scientific crime detection. Mr. Harbo entered on duty in the Bureau on March 21, 1932.

8. VACANCY - THE INCUMBENT TO BE NAMED. This position is that of Assistant Director in charge of security investigations in the

Memorandum for the Attorney General

Bureau. The incumbent of this position, as an Assistant Director of the Bureau, will supervise all internal security investigations conducted by the Bureau, including Espionage, Sabotage, Sedition, Treason, and related statutes, Loyalty of Government Employees, Atomic Energy Act (investigations of applicants and employees as well as violations arising under the act,) overthrow or destruction of the Government, and related internal security investigations.

All of the foregoing officials occupy extremely important positions in the Bureau. More complete information concerning the duties assigned to them is, of course, contained in the files of the Civil Service Commission, which has a record on the classification sheets required by the Commission for employees of the Government.

I shall certainly appreciate anything that you may be able to do to secure approval of the allocation of the positions listed as indicated herein.

RE: UNIFORM PROMOTION

It is noted that Mr. Tracy, Assistant Director, was promoted to Grade CAF-15, \$9975 per annum, effective 6-1-47. As the result of a basic salary increase, effective 7-11-48, his salary was increased to \$10,305 per annum. Effective 12-12-48 he received a \$25 increase under the provisions of the Uniform Promotion Act which brought his salary to \$10,330 per annum, the maximum annual salary of Federal Employees in Grade CAF-15 at that time. As the result of a basic salary increase, effective 10-30-49, his present salary is \$10,500 per annum in Grade GS-15.

In connection with the eligibility of employees in Grade GS-15 for within-grade promotions a review of the decision of the Comptroller General, No. B-92400, dated February 15, 1950, clearly indicated that employees who are in Grade GS-15 and who were at the top salary of \$10,330 when the Classification Act of 1949 went into effect on 10-28-49 are entitled to an additional within-grade increase to \$10,750 if their last increase was less than \$250.

The effective date of the increase is retroactive to 10-30-49.

On 3-31-48 you rated him EXCELLENT.

By memorandum dated 12-9-48 the Director advised that in regard to the delay in acknowledging a communication from Mr. David Ennis, Chief of County Detectives, Norristown, Pennsylvania, he considered Mr. Tracy's explanation totally unsatisfactory and stated that it was imperative that Mr. Tracy give immediate attention to correcting such situations in his division. The Director further advised that he was very much concerned with respect to the handling of correspondence in the Identification Division and it was desired that Mr. Tracy give that matter his immediate attention.

On 3-31-49 you rated him EXCELLENT.

14 MAR 13 1950

67- 31222-267

By letter dated 9-9-49 he was advised that the Bureau had found it necessary to return employee Otis L. Vandevier to his former position in the Identification Division, as the result of his inability to meet the requirements in Special Agent Training School. The Training and Inspection Division had reached the conclusion that he was definitely not Agent material, and among the factors in support of this were their observations that his appearance was no better than average, and his personality inadequate for a Special Agent's responsibilities. Inasmuch as it was noted that Mr. Tracy had interviewed Mr. Vandevier and favorably recommended him for the Special Agent's position, the Bureau felt it desirable to call his attention to the variance between his appraisal of this employee and the comments of the Training and Inspection Division, in order that such deficiencies as existed in that case would be detected in the future.

By letter dated 10-7-49 he was commended for the splendid contribution he had made to the Retraining Session of the FBI National Academy Associates.

As the result of the inspection of the various sections of the Identification Division conducted from August through December, 1949, letters were sent to Mr. Tracy reviewing the results of the inspection, and in general, brought to his attention delinquencies reflected in each section and recommended that corrective measures be taken in each instance. The various functions of the different sections of the Identification Division were rated as follows;

	<u>Physical Condition and Maintenance</u>	<u>Administrative Operations</u>	<u>Personnel Matters</u>
Technical Section	Very Good	Very Good	Very Good
Typing Section	Very Good	Very Good	Very Good
Posting Section	Excellent	Very Good	Excellent
Assembly Section	Good	Good	Very Good
Card Index Section	Good	Good	Good
Recording Section	Excellent	Very Good	Very Good

Inspector Long stated that Mr. Tracy had been most cooperative during the inspection and objective in his consideration of all problems. He had reflected a desire to do anything that would result in an objective, businesslike inspection. He personally and specifically brought to the attention of the inspectors problems he desired gone into so that such matters could receive consideration from the inspection staff.

By letter dated 12-1-49 he was advised that the dereliction of Francis E. O'Brien had not been brought to his attention in order that consideration could be given to appropriate administrative action. In that case it appeared that a fingerprint card was deliberately removed by clerical supervisory personnel without submitting a charge-out card, and upon discovering the error O'Brien failed to report it. Mr. Tracy was instructed that no procedure involving entrapment as was employed in that instance to discover the failure of O'Brien should be used hereafter and instead the procedure should be of a normal and practical nature, such as having the supervisors themselves file fingerprint cards from time to time which would permit them to note the absence of any charge card. It was desired, among other things, that he make certain that no attempts were made by members of his supervisory staff to dissuade employees who were leaving the service of the Bureau from freely expressing their opinions if they desired to do so regarding the treatment they had received as employees as well as any suggestions or criticisms they might wish to make at the time.

By letter dated 2-1-50 it was noted that Alice C. Mason had been recommended by his Division as an employee whose record warranted affording her a salary increase under the Uniform Promotion Act. At that time it was known that her work for some time had been considerably below the average and was not improving. In view of that, the favorable recommendation made for her promotion was inexcusable and it was expected that Mr. Tracy would take immediate and appropriate steps to insure that in the future any unsatisfactory or improper performance of duty would be brought to the attention of the Administrative Division whenever an employee of the Identification Division was under consideration for promotion.

The foregoing is being submitted for your information and for consideration as to the

affording of the UPA increase to Mr. Tracy.

MEMORANDUM FOR MR. TOLSON
MR. GLAVIN

Confirming oral instructions I desire that Mr. Glavin be detached for a period of ninety days as Assistant Director in Charge of the Administrative Division effective Monday, February 27, and initiate immediately a complete inspection of the Identification Division with the view of reducing personnel, streamlining its operations, and reducing its costs of operation. Mr. Tracy should be instructed that I expect the fullest cooperation and assistance from himself and his staff.

In Mr. Glavin's absence Mr. W. P. Callahan will act in charge of the Administrative Division.

SAC Gay Hottel is to be immediately placed upon probation for conduct unbecoming a representative of this Bureau. I have talked with Mr. Hottel and severely reprimanded him and told him that I will not again give him another chance. I told him there were entirely too many rumors circulating concerning his activities and while they may not be completely true, nevertheless, many of them were and he had not used the proper discretion in his conduct.

I desire that Mr. A. M. Belmont be transferred as Assistant Special Agent in Charge of the New York Field Division and designated as Inspector in Charge of the Security Division, effective Monday, February 27.

I desire that Mr. W. M. Whelan, the #2 man in the New York Office, be designated as Assistant Special Agent in Charge of the New York Field Division, effective February 27.

I desire that Mr. H. B. Fletcher, who has been acting in charge of the Security Division, be transferred to New York and designated #2 man in the New York Field Division in place of Mr. Whelan.

I desire that Mr. L. L. Laughlin of the Security Division be designated as #1 man in the Security Division, effective February 27.

I desire that Mr. C. E. Hennrich, Assistant Special Agent in Charge of the Washington Field Office, be transferred from the Washington Field Office to the Security Division and designated #2 man, effective February 27.

13 43
MAR 2 1950

I desire that Mr. B. C. Brown of the Training and Inspection Division be transferred to the Washington Field Office as Assistant Special Agent in Charge, effective February 27.

I have spoken to Mr. A. Rosen and expressed to him my complete displeasure of his administration of the Investigative Division and of my intention to transfer him as Assistant Director in Charge of that Division unless he can immediately take hold of that Division and bring about a more effective administration of it. Mr. Rosen assured me he believes he can do so and for the present he remains as Assistant Director of that Division.

Very truly yours,

Dear Stanley:

A recent Comptroller General decision indicates that an employee who was receiving the top salary in Grade GS 15 when the Classification Act of 1949 went into effect on October 28, 1949, is entitled to an additional within grade increase if his last increase was less than \$250. In view of this decision it is with pleasure I am writing to advise you that you have been recommended for promotion from \$10,500 per annum to \$10,750 per annum in Grade GS 15, effective October 30, 1949.

Identification

I have now had opportunity of reviewing the finger print work both in the Recording and Card Index Sections.

Both of these sections are in good working shape. I was also able to suggest some labor-saving devices and some streamlining devices both in Recording and in Card Index, and I feel that the employees and the supervisors are in agreement that with these innovations their work will be handled more quickly and with less trouble by the employees.

The Recording Section with its limited personnel is supervised by Mrs. McNeely, who continually performs production work in connection with her supervision. The present staff is needed in Recording but when there are breaks in the receipt of prints, excess employees are immediately dispatched to the Card Index Section to help clear the existing filing delinquency in that section. Any reduction in the recording staff of the Recording Section would slow down prints being channeled into Card Index and the Technical Section. I will continue to carefully watch the flow of work in this particular section.

INDEXED - 21

67-443-6889

I have had opportunity of working with a number of employees in the Card Index Section. I have accompanied the special searchers, the regular searchers and also the filers in the performance of their duties. It was possible to eliminate certain steps taken by the special searchers which resulted in increased production due to the fact that these employees could more readily handle their assigned work and were also available for miscellaneous duties as they arose in the section. I have stressed the rapid channeling of preferred fingerprint cards, which include criminal cards, through this section. Mrs. Colliflower has been aware of this problem and she entered wholeheartedly into the suggestions. Special pick-ups and special deliveries are being made to the Technical Section so that the lag in the handling and in the flow of our criminal prints is reduced to a minimum. I am hopeful that in the near future we will be able to get rid of some of the tagging systems presently existing, which in turn will further expedite the flow of prints through the Division. After I have had opportunity of fully analyzing the tagging, I will make a further recommendation regarding this particular phase of the work.

I feel that one of the biggest things to be accomplished here is the expediting of the flow of work and then eliminating stop-gap protective measures, such as tagging, which were necessary when the work was particularly heavy.

MEMORANDUM FOR MR. TOLSON

I noted with interest that the technical fingerprint staff for the first fifteen days of the month of March handled approximately 40,000 more fingerprints than were received. This means that our backlog is being rapidly dissipated.

OFFICE MEMORANDUM * UNITED STATES GOVERNMENT

TO : MR. TOLSON

DATE: 3/8/50

FROM : J. P. MOHR

SUBJECT: FRANK F. MEECH
Special Agent
Crime Statistics Section

Reference is made to the attached memorandum from the Director to Mr. Glavin dated March 6, 1950, in which the Director requested an explanation from Mr. Glavin for the failure of the Administrative Division to send letters of censure to all persons who reviewed the September 1949 issue of the FBI Law Enforcement Bulletin and failed to detect therein objectionable phraseology in a form utilized by the St. Louis Police Department.

Mr. Nichols prepared a memorandum dated October 17, 1949 concerning the improper review of the September 1949 issue of the Law Enforcement Bulletin and Mr. Nichols set forth in his memorandum the various individuals who had reviewed the Bulletin. The Director instructed that all persons who reviewed the Bulletin were to be censured and their derelictions were to be reflected in their next efficiency ratings. It is noted that the September 1949 issue of the Law Enforcement Bulletin was reviewed on two occasions. On the first occasion the following individuals reviewed it: Messrs. S. J. Tracy, C. D. Mobley for Clegg, D. J. Parsons for Harbo, E. J. McCabe for Rosen, H. B. Fletcher for Ladd and J. J. McGuire for Nichols. On the second occasion the material was reviewed in galley proff form by Messrs. Parsons for Harbo, McCabe for Rosen, H. C. Boswell for Clegg, E. H. Winterrowd for Ladd, Fletcher, F. F. Meech for Leonard, Tracy and Nichols. The Administrative Division prepared letters of censure to Messrs. Nichols, McGuire, Jones, Kemper and Meech.

By memorandum dated March 7, 1950, from Mr. H. L. Edwards to Mr. Glavin, Mr. Edwards states that upon telephonic instructions from me to Special Agent Supervisor J. E. Edwards, letters of censure were only sent to the employees in Mr. Nichols Division, including Mr. Nichols, who had the responsibility for preparing or reviewing the Law Enforcement Bulletin in question.

I recall having a conversation with someone in Mr. Glavin's Division at the time the letters of censure were prepared but I cannot state at the present time with any degree of accuracy the substance of the conversation in October 1949. I certainly do not know on what basis I would have countermanded the Director's instructions. It seems to me very clear that the Director was desirous that all who reviewed the September 1949 issue of the Law Enforcement Bulletin be censured. The interpretation of the Director's instructions and in clarification of those instructions I was contacted and the Supervisors were advised that the Director intended that only those Supervisors who had direct responsibility for the particular article in the Law Enforcement Bulletin should be censured.

JPM:DW

This may well be because at the time the September 1949 issue was prepared although it was reviewed in various divisions, each division was only responsible for reviewing the articles which pertained to the work of that division. For instance, if a Laboratory article appeared in the Bulletin, at that time the Crime Statistics Section would not be required to make a critical review and analysis of such an article. In the case at point, the article was one pertaining to a portion of the records system in the St. Louis Police Department and the Crime Statistics Section was normally the section to critically review such an article. In September 1949, the Records and Communications Division was charged with the responsibility of preparing the Law Enforcement Bulletin. Since that time, as you know, there has been established an Editorial Board and the Editorial Board is responsible for reading and reviewing the entire Law Enforcement Bulletin from cover to cover and all those on the Board of course would be fully charged with everything in the Bulletin.

I regret that I may have been responsible for any countermanding of the Director's specific instructions on Mr. Nichols memorandum of October 17, 1949 and I will assume full responsibility for the failure of the Administrative Division to send letters of censure to all individuals who reviewed this particular issue of the Bulletin.

It is too late now to send letters of censure to all of the individuals named and I recommend that the Administrative Division insure that copies of Mr. Nichols memorandum of October 17, 1949 are placed in the personnel files of each of the individuals named.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of \$10, payable to the Chief Clerk of the FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Chief Clerk of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name Mrs Margaret Tracy Relationship wife Date Mar 29, 1950

Dear Mr. Tracy:

The splendid assistance rendered by Fred K. Morgan, a Fingerprint Analyst (Assistant Coordinator) who is assigned to your Division, in connection with the preparation of material for the picture story entitled "Fighting Crime with the FBI" to appear in a forthcoming issue of Our World has been called to my attention.

The entire operation went off with dispatch and smoothness and this can be attributable in no small part to the magnificent cooperation given by the many various Divisions of the Bureau who were called upon to assist. The part played by Mr. Morgan was an important one and I feel he handled himself in a very able fashion. I therefore wish you would convey my personal appreciation to him for his splendid efforts.

I know how disrupting an operation of this kind is and realize this is not the first time you have been called upon to extend the facilities of the Identification Division for such a special purpose. You have always cooperated to the fullest extent and I want you to know how grateful I am. I wish you would convey my thanks to the other employees under your supervision who rendered assistance on this particular operation and any others of a similar nature.

I addressed the Sigma Nu Alumni Club of Detroit, Michigan, Thursday, March 30, 1950, at their annual dinner meeting at the Stockholm Restaurant, Detroit. The dining room was full and a large number of the alumni were present consisting of attorneys, businessmen, and students from Ann Arbor and Albion, Michigan. My remarks seemed very well received and during an open forum discussion following my talk, many questions were asked indicating a deep interest in and confidence in the Director and the Bureau.

The next day, Mr. Willard Sanders, Secretary of the Club, informed me that he had received many calls the following morning stating it was the best annual meeting they had ever had.

A copy of my remarks is transmitted herewith, which I followed in outline form.

Dear Sir:

Recently you interviewed and favorably recommended Identification Division Clerical Employee Robert J. Rohr for the position of Special Agent with the Bureau. During a subsequent interview, he evidenced a disgruntled and sour attitude toward his present position in your Division and in so doing indicated a total lack of judgment and tact on his part. It later developed that Mr. Rohr's rash statements apparently stemmed from an upset state of mind occasioned by a personal situation at home.

The Bureau feels that these traits of immaturity and instability should have been ascertained by you and Mr. Rohr's immediate supervisors prior to the time he was favorably recommended for the Special Agent position, and that such a recommendation should never have been made in this case. This incident, coupled with a recent case involving the ill-advised transfer of an Identification Division employee to the Savannah Office, gives rise to supposition that personnel matters in your Division are not being properly handled.

There is enclosed a letter of censure directed to this employee which you are requested to deliver to him. This communication also places Mr. Rohr on probation and you are instructed to afford him close supervision, observing his work performance and general attitude in the future. It is hoped that you will exercise better judgment in other cases of this nature and that it will not again be necessary to call your attention to a similar incident.

Very truly yours,

J. Edgar Hoover

TO : Mr. Tolson
FROM : L. B. Nichols

DATE: March 17, 1950

SUBJECT :

STANLEY J. TRACY

Mr. Tracy, I think, has done a splendid job in connection with calling to the attention of a vast audience in New Jersey, New York, Long Island and Connecticut the Bureau's activities. Through contacts he has arranged a series of radio interviews, three of which have already been made, and the remaining two will be made early next week with Bureau officials and Mr. Newman Wright, Washington correspondent of the Passaic Daily News and a representative of Radio Station WPAT, participating.

During the past couple of months when we have been endeavoring to defend the Bureau, Mr. Tracy has made numerous contacts and I think has done an excellent job.

TO : THE DIRECTOR
FROM : L. B. NICHOLS
SUBJECT: COMMISSION ON GOVERNMENT SECURITY

DATE: August 11, 1955

For your information and assistance in connection with your forthcoming conference with the Vice President, the following is set forth:

Stanley Tracy
1. There is attached a thumbnail sketch of the individuals who are being considered for the Commission which names came to me from either Rogers or Nixon himself. We have prepared individual summaries on each and then for the Director's convenience, these have been condensed and synopsised in the attached thumbnail.

2. In connection with the staff, the Vice President has informed me that Loyd Wright, the President of the American Bar Association, will undoubtedly become the dominant figure on the Commission and no doubt will be elected Chairman and Wright has agreed with Nixon that he will appoint whoever is desired as Counsel and Director of the staff.

The following suggestions are submitted for General Counsel. Thumbnail sketches are attached on McGranery and Jones:

1. James P. McGranery. In the event Jim McGranery is not appointed to the Commission, I think it would be an exceedingly smart move for him to be appointed as General Counsel. McGranery has the stature, he is a Democrat, he has been well indoctrinated on security matters and would probably do an outstanding job.

2. Former Congressman (R) Robert F. Jones of Ohio, served on the Federal Communications Commission from 1947 to 1952, now practices law in Washington, is very friendly. I think he would be well disposed for security problems.

3. Ross Malone, former Deputy Attorney General of the Department, a member of the House of Governors of the American Bar Association, might likewise be considered. Malone would do a professional job and we know of his sympathies toward security problems.

The following suggestions are submitted for Staff Director and thumbnail sketches are attached:

Robert A. Collier, former SA. It is understood he is presently receiving favorable consideration. He would work well if McGranery were appointed as General Counsel.

2. N. J. L. Pieper, former SAC. Would do an excellent job.

3. Former SA Duane L. Traynor would do an excellent job as Staff Director.

4. Hugh H. Clegg (no thumbnail sketch attached). Mr. Clegg, if he could be persuaded to take the job as Staff Director, has stature, and I would be inclined to recommend him as the first choice.

The following suggestions are submitted for the Staff and thumbnail sketches are attached, all of whom would be good on the staff:

Former SA E. C. Kennelly
Former SA Harris H. Huston
Former SA Robert C. Gresham
Former SAC A. Paul Kitchen
Former SA John Nicholson Dinsmore
Former SAC Arthur B. Lorton

In connection with the staff both Messrs. Tracy and Ladd were anxious to be appointed to the Commission. I have pointed out to Mr. Tracy the fallacies of this. He clearly agrees. Ladd and Tracy now want to be appointed as consultants on the staff. Frankly, I think both of them could serve well.

In the event, the question comes up, the following list of names was submitted to Rogers on June 28, for consideration for appointment to the Commission. Rogers gave this list to the White House and the Vice President. The following names were on the list:

Seaborn Collins of the American Legion
Edgar N. Eisenhower
Former Senator Herbert R. O'Connor
Dr. Daniel A. Poling
Ogden R. Reid
David Sarnoff
Right Reverend Monsignor Maurice S. Sheehy
Retired Judge Kimbrough Stone
Walker Stone
Mrs. Mabel Walker Willebrandt

There is also attached a clipping from today's Washington Post speculating on the appointments to the Commission. We know that many of the names in this article are obviously speculative and probably represent some wishful thinking.

Colonel ~~E. Bettelheim~~ called this afternoon stating that he had gone to GW with you and Stanley Tracy. He stated he is now with the Military Order of World Wars and stated that Stanley Tracy is being considered as a speaker at a big luncheon to be held for 300 or 400 people; that Tracy does not know about it at present but before he suggested Tracy's name he wanted to find out from you or someone who knew him as to what kind of a speaker he might be. He stated at the luncheon there would be representatives of various patriotic organizations such as the DAR, Veterans of Foreign War, Colonial Dames, et cetera. He stated he had known Tracy for many years and knew him to be a quiet, little fellow but wondered about his speaking ability.

Your absence from the city was explained and I told him I had heard Mr. Tracy speak on various occasions; that he did a very creditable job when he was in command of the subject but, frankly, the only speeches I had heard him make were as an official of this Bureau concerning the work of the Bureau, and that I could not state what kind of speech he would make on other matters. I asked Colonel Bettelheim what the subject matter of Mr. Tracy's speech would be and he inferred that it would be on patriotic matters before the above type of group. 05-67-31222-369

Colonel Bettelheim asked to be remembered to you. 50

Dear Stanley:

I have received your letter enclosing
"A Progress Report on the Military Careers of
Juvenile Delinquents," which I finally had the
opportunity to read.

This report impresses me as a very
worthwhile study of the juvenile delinquency
problem and I appreciate your having sent it
over. I would be very much interested in seeing
a report on the research program when concluded,
if it is available.

Thanks for sending me the background
information on Dr. Lefine.

Sincerely,

Dear Nick:

Juvenile Delinquency - General

I am enclosing a Progress Report on the Military Careers of Juvenile Delinquents which you might wish to add to the Bureau's Library.

Professor Peter P. Lejins is a personal friend of mine, Md D.C. a member of the College Park Rotary Club, and I have lectured to two of his classes in the past. Professor Lejins is a naturalized citizen, having been born in Latvia. He reads and speaks Russian and German fluently, and from my knowledge of him in the past several years he is strictly anti-Communist and anti-left wing.

He had considerable trouble getting his father and mother out of Latvia to escape the Communists. His father was Professor of Law at Latvia and I have become very much impressed with his father personally.

Mrs Peter P. Lejins Md DC

Mrs. Lejins has been employed by the State Department for a number of years and recently has been acting as interpreter for the White House and on several occasions recently she has sat personally with the President as an interpreter during interviews with certain European dignitaries.

I thought the Bureau might be interested in having this data on file in the event an occasion arises where some of Dr. Lejin's capabilities might be useful.

Sincerely,

Stanley J. Tracy

Memorandum for the Director

RE: AMERICAN RESEARCH FOUNDATION

As a result of our contacts with Foundation Representatives in New York City who desire to do something for the preservation of the American Way of Life the following steps have been taken.

An organizing committee has been formed consisting of the following:

1. Richard Byrnes Hood
2. Aaron W. Jacobson
3. D. Milton Ladd
4. D. L. O'Connor
5. G. A. Philips
6. S. J. Tracy
7. T. E. Naughten.

Chairman: S. J. Tracy
Secretary: D. L. O'Connor

Articles of incorporation have been drawn up for filing in the District of Columbia. A copy of the articles of incorporation are attached.

By-Laws have been prepared - a copy of the first draft is attached hereto.

It was ascertained that the library of Harry Jung of Chicago was up for sale by the executor. This is one of the largest private libraries in the country and the price was set at \$50,000.00. As soon as we learned of this we contacted Chicago by telephone and ascertained that an option had been secured by a group acting under the leadership of General Wood of Sears-Roebuck. This option was to expire March 31 however even tho we were ready to bid \$50,000.00 and had the cash to pay - the representatives of General Wood exercised their option and took physical possession of the library.

Daniel O'Connor and I proceeded to Chicago and talked with Mr. C. B. Caldwell, Vice Pres. of Sears-Roebuck who is acting for General Wood. We also talked with former Special Agent John M. Fisher who is now with Sears-Roebuck and in personal charge of the handling of the Jung library. Former Special Agent Mr. R. Carroll, Jr. has been appointed in charge of the operation of the Jung Library for the next year. The group associated with General Wood comprise several large business concerns in the Chicago area. Sears prefers not to be associated with the venture by name.

As a result of our confidential talks with Mr. Caldwell and Mr. Fisher it appears that we will be able to secure such items as we may desire from the Jung library as the National interest as we conceive it will be more valuable.

100-18730-6

than the Chicago interest. Mr. Caldwell will be in Washington May 8-9-10 for a conference at the Shoreham Hotel. We are to meet with him again at that time.

In the meantime there is a large library in Los Angeles and the individual in charge is a personal friend of Mr. Caldwell. At the time of Mr. Caldwell's visit to Washington in May we will also discuss the Los Angeles library and the possibility of securing it at the time we are ready to operate in Washington.

We have a public relations firm in N.Y.C. - Jones and Brakewell - who are working with us (without cost) to help get our plan in operation. This firm represents Wm J. During, President of Precision Castings Company and currently also President of the American Die Casting Institute. Mr. During is behind us and will bear the cost of public relations. Mr. Henry T. Rockwell President of Jones and Brakeley is devoting his personal time to our problem. Mr. Rockwell's firm is active in Foundation areas and feels that they can raise a goodly sum for us. (you will recall W.J. During is my cousin).

Colonel Frank W. Wozencraft, formerly general counsel for R.C.A. is presently the attorney for the Richardson Foundation, Inc., of N.Y.C. Wozencraft is a Texan and a personal friend of many wealthy individuals in that State. He is also a personal friend of Dillon Anderson and talked at some length with him concerning our venture. Wozencraft will be in Dallas Texas on April 19-20 attending the 7th Annual Conference of Foundations and Trust Funds and will make contacts at that time on behalf of the AMERICAN RESEARCH FOUNDATION.

Everyone with whom we have talked is convinced that the establishment of a free public library containing all published data concerning totalitarian movements with free service to the nation is exactly what is needed to meet the Communist menace.

We plan a non-profit-non-political Foundation. We will not file or accept confidential reports or documents and we will not do investigative work. We will disseminate currently received data, free, sending only the record itself without interpretation or comment. We plan on covering the following areas:

1. Educational - high school and University
2. Religion
3. Labor
4. Management

Our library will be open to the general public during regular business hours. This will help authors, feature writers and the press generally.

We hope to be incorporated within a few weeks - then to have a meeting of the organizing committee in Washington to approve a publicity brochure. The Board of Trustees will all be former F.B.I. personnel. The officers and advisory committee will be prominent citizens. We have several letters or endorsement to include in our brochure.

I wanted you to have the details of our venture as it has developed up to the present time.

Sincerely

Stanley J. Tracy

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - ~~MONEY ORDER~~) the sum of \$10, payable to the Chief Clerk of the FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Chief Clerk of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Chief Clerk, directing him to pay to the designated beneficiary the sum of \$10,000. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

Name Margaret Tracy Relationship wife Date 8-19-50
Address 4800 College Ave College Park, Md.

The following person is designated as my beneficiary under the Chas. S. Ross Fund providing \$1500 death benefit to beneficiary of agents killed in line of duty.

Name Margaret Tracy Relationship wife Date 8-19-50
Address 4800 College Ave College Park, Md.
